2026 BUDGET MESSAGE

Submitted herein is the Moffat County Budget for 2026. The 2026 Budget is created through a compilation of figures submitted by elected officials, department heads, and boards. This budget is balanced as required by Colorado law C.R.S. 29-1-103(2). In addition to the Moffat County Budget are the budgets for the component units, where the Moffat County Board of Commissioners either serves as the Board of Directors or appoints the Board of Directors for the entities.

THE INCLUSION OF THE MEMORIAL HOSPITAL BUDGET WITHIN THE COUNTY BUDGET

The Memorial Hospital is a legally separate organization, not operated by the Board of County Commissioners pursuant to CRS 25-3-304. The County Commissioners appoint the Board for The Memorial Hospital, and The Memorial Hospital is a component unit of the county, so that The Memorial Hospital's budget is included with the County's budget.

BUDGET SUMMARY

The budget document is submitted as a one-year operating plan setting forth the required and discretionary expenditures for public service. In order to balance the budgeted expenditures, the fund balance reserves beyond expected revenues are used from previous years.

The 2026 Moffat County Budget totals \$148,151,440, which is \$6,264,546 or 4.42% more than the 2025 budget of \$141,886,893. The budget is funded with revenue estimates and anticipated fund balances.

The Memorial Hospital, as an enterprise, is the county's largest component unit budget. The 2026 Memorial Hospital Budget totals \$88,936,202, an increase of 4.14% or \$3,533,408 more than their 2025 budget of \$85,402,794. The remaining Moffat County Budget, without the Memorial Hospital component unit, is \$59,215,238, an increase of \$2,731,139 or 4.84% more than the 2025 budget of \$56,484,099. This increase is largely due to Capital Project expenses and rising personnel costs.

HISTORIC SPENDING

Below is the historical spending since 2020 for both the Hospital and County.

	Hospital	County	Total
2025 (estimated)	\$85,402,794	\$59,215,238	\$144,618,032
2024 (actual)	\$77,672,676	\$44,382,516	\$122,055,192
2023 (actual)	\$69,172,815	\$40,909,839	\$110,082,654
2022 (actual)	\$71,972,180	\$42,276,637	\$114,248,817
2021 (actual)	\$70,995,429	\$39,732,541	\$110,727,970
2020 (actual)	\$70,388,305	\$34,892,862	\$105,281,167

FACTORS INFLUENCING THE 2026 BUDGET DEVELOPMENT

In order to determine expenditure levels, historic trends and projections have been made while incorporating expenditure management to afford services.

Personnel: As of July 2025, the Consumer Price Index is at 2.70%. With declining revenue forecasts, the Board of Commissioners continues to review the cost of living, as to what can be afforded, for 2026 and future budget years. Due to budget constraints, cost-of-living adjustments to the employees have occurred 6 times since 2016.

Year	County Employee	CPI
2016		2.80%
2017	2%	3.40%
2018		2.70%
2019		1.92%
2020	3%	1.95%
2021	1%	3.20%
2022	1%	8.50%
2023**	10%	4.70%
2024	3%	2.90%
2025*		2.70%
Totals:	20%	34.77%

**Salary Survey Increase was Varied using average

*Half Year Estimate

Operating: Moffat County's budget consists of limited increases in operating expenses, mainly due to utility and fuel costs for those budgets affected.

Capital: Moffat County's Capital Improvement Plan (CIP) is based on scoring mechanisms to identify the highest replacement need from usage. For example, equipment or older vehicles that may have useful life due to low miles or hours may not be in high need of replacement and will stay on the rotation until the equipment or vehicle is scored for the highest replacement need. This method ensures that citizens have the best use of tax dollars. In addition, projected road improvements and maintenance have been reduced due to a lack of funds for those improvement needs.

REVENUE

The 2026 budget includes the following decrease projections:

Severance Tax: Oil and Gas severance taxes paid by the state. Due to HB 24-1413 passing, the forecast for 2026 is unknown, and the County will continue to budget modestly.

Interest rate: The Federal Reserve lowered interest rates once for a total of .7% in 2025. We will continue to budget modestly due to the unpredictability of the economy.

REVENUE TRENDS FOR THE COUNTY (DOES NOT INCLUDE HOSPITAL)

In order to determine the revenues available for the future, **in a natural resource-based economy**, 5-year projections for revenues and budgetary costs have been used beyond the 2026 budget.

Due to the 5-year projections, the funds identified of most concern include: General, Road & Bridge, Airport, Library, Senior Citizens, Jail, Human Services, and Public Health. These funds are highly dependent on property tax, sales tax, and intergovernmental revenue streams. Due to the uncertainty of a natural resource-based economy, these areas may change from one year to the next.

Utilizing 5-year projections, the funds of top concern are realigned through the budget process to keep within the county's policy of 60 days cash on hand to provide services.

The areas of revenue and expense are identified in the chart to follow:

2026 MOFFAT COUNTY FUNDS OF TOP CONCERN

Funds Include: General, Road & Bridge, Airport, Library, Senior Citizens, Jail, Human Services and Public Health.

BUDGET STRATEGIES

The county continues to take a budget approach of prioritizing available revenues and using them in the most productive way, addressing current or anticipated fiscal constraints, and getting the best results for the money available within service level demands.

STRATEGIES TO INCREASE REVENUES

Economic and societal challenges affecting Moffat County's future will continue to place increased pressure on the Board of County Commissioners. The following strategies have been developed to address the future of Moffat County:

- ▶ Provide proactive and positive influence for impacts and issues known at both the state and federal levels to support Moffat County's natural resources and access to public lands.
- ▶ Cooperation with other governments, districts, and entities that have similar needs or vision in order to foster economic development and quality of life in Moffat County.
- ▶ Use restricted revenues, such as Conservation Trust (lottery dollars that must be used on parks and recreation), to enhance recreational opportunities and attract potential residents.
- ▶ Use existing county resources, assets, employees, and dollars to further the economic future of Moffat County while emphasizing and enhancing growth and diversification for our local economy.

POLICIES THAT AFFECT THE BUDGET

The Board of County Commissioners has adopted policies to allow for the cash flow needed to provide services as well as strengthen the county's future through long-term forecasting and dedicated reserves. The following policies are included in this budget:

The current budget is adjusted when long-term budget forecasting indicates shortfalls.

Align cash flow from reserves to fund services.

- ▶ Reducing most funds to 60 days and realigning the remaining funds for a cash reserve, while abiding by statutory requirements and best practice recommendations for the county to keep a good bond rating, allows for more funds available to provide the services to the citizens with declining revenues. The reduction from this adjustment utilizes fund balances and also reduces transfer amounts needed from the General Fund that subsidizes the Senior Citizens (bus and meals) and Jail Funds.
- ▶ The remaining reserves have restrictions on use through a budget policy, such as a capital reserve and a counter-cyclical reserve for those funds that are most affected in an economic downturn for recovery.

The current budget is used to determine future budget needs by applying reasonable expectations of how costs and revenues will change under typical circumstances for long-term budget forecasting.

- ▶ Revenues are based on historical trends.
- ▶ Expenditures are in three categories and are based on the Consumer Price Index and historical trends.
 - Personnel: Wages, longevity, retirement, health, dental, vision, workers' compensation, and life insurance benefits.
 - Operating: Remaining expenses other than personnel and capital.

- Capital: Capital Improvements or Projects to maintain and rotate equipment needs according to the CIP 10-year plan.

One-time revenues cannot be applied to long-term expenses.

- ▶ *One-time revenues are revenues received beyond the revenues projected in the budget; as such, they should not be used for ongoing expenses such as personnel and operating.*
- ▶ *One-time revenues are either committed to the future through the reserves or through one-time expenses.*
- ▶ *One-time expenses are programs, services, or capital that is only spent in a particular year and are not ongoing in nature.*

Counter-cyclical reserve to sustain through unexpected revenue shortfall years.

- ▶ Funds that receive major funding sources such as property tax, sales tax, and highway user tax fees will have a counter-cyclical reserve. For the 2025 budget, the funds with counter cyclical reserves are General, Road & Bridge, and Human Services. The reserve may be utilized under the following conditions:
 - If a major revenue source decreases 5% within a given year, after the budget is adopted, the funds can be used to offset revenue declines. Budgets must be adjusted to replenish the reserve within 2 years after use.
 - Continued revenue shortfalls will result in budgetary realignment to compensate for the decline in revenue.

Capital Reserves.

In order to maintain assets and assist with the Capital Improvement Plan, the following process is utilized:

- ▶ Sale of assets in a prior year is placed in the capital reserve for future use in the fund where the transaction occurred.
- ▶ Budgetary savings from unspent capital are also placed in the capital reserve for future use in the fund where the savings occurred.
- ▶ One-time revenues, outside of one-time expenses designated by the Board of Moffat County Commissioners, are for future capital reserve use in the fund where the one-time revenues occurred.

COUNTY FUNDS

Moffat County's Budget contains 23 funds. Summary figures for each fund can be found in the fund summaries throughout the budget. These summaries contain the revenues, expenditures, and the available fund balance.

GENERAL FUND

As the name implies, this is the fund that receives undesignated revenues, which can be budgeted for any appropriate county purpose. This fund finances the majority of the traditional services associated with county government. Most of the budget deliberations center around this fund since it provides resource allocation flexibility. This fund supports 40 departments. It is necessary to review each department's situation in some detail to determine what is happening in 2026.

The General Fund has seen a decrease due to a salary increase, utilities, and fuel. and the transfer out to the lease purchase fund for the courthouse bond payment. The yearly payment averages \$1.2 million and is supported through the 1997 voter-amended sales tax to utilize .75 of the 2% sales tax collected within Moffat County, the City of Craig, and the Town of Dinosaur to pay for the purpose of acquiring, constructing, equipping, furnishing, and maintaining capital projects.

OTHER COUNTY FUNDS

A great many of the county's programs are financed from sources outside of the General Fund. These funds have combined expenditures as well in excess of the General Fund budget. However, the nature of the revenue sources mandates that these monies can only be used for specific activities. Hence, they are budgeted and accounted for in separate funds.

BASIS OF ACCOUNTING & BUDGETING

The basis of accounting refers to the point at which revenues, expenditures, or expenses are recognized in the accounts and reported in the financial statements.

Moffat County uses the modified accrual basis of accounting for all governmental funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" revenue means collectible within the current period or soon enough thereafter (60 days) to be used to pay liabilities of the current period. Expenditures are generally recognized when the related liability is incurred. The exception to this general rule is that principal and interest on general long-term debt and compensated absences are recorded only when payment is due.

Moffat County uses the accrual basis of accounting for all proprietary and fiduciary funds. Under the full accrual basis, revenues are recognized when earned, and expenses are recognized when incurred, regardless of the timing of the related cash flows.

Moffat County adheres to the provisions of the Local Government Budget Law of Colorado as set forth in Colorado Revised Statutes (C.R.S. 29-1-101 et seq.) in preparing its budget for the fiscal year, which begins January 1 and concludes December 31. The adopted budget is balanced with expenditures not exceeding anticipated revenues and beginning fund balances.

The adopted budget is balanced with expenditures not exceeding anticipated revenues and beginning fund balances.

FUNDS

The County uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions and activities. A fund is a separate accounting entity with a self-balancing set of accounts. A basic principle of Generally Accepted Accounting Principles (GAAP) is that the actual number of funds used by a governmental entity should be kept at a minimum to avoid the creation of an inefficient financial system. Moffat County's financial transactions are reported in 23 individual funds in order to meet the operational needs and legal restrictions for those funds. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues, and expenditures/expenses.

In accordance with the Governmental Accounting Standards Board (GASB), the County's governmental fund types are:

General Fund: The *General Fund* is the County's primary operating fund. It accounts for all financial resources of the County, except those required to be accounted for in another fund.

Special Revenue Funds: Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The County's Special Revenue Funds are: Airport, Conservation Trust, Emergency 911, Human Services, Jail, ACET, Landfill, Library, Moffat County Local Marketing District, Moffat County Tourism Association, Public Health, Road & Bridge, Senior Citizens, and Telecommunications.

Capital Project Fund: The *Capital Project Fund* is used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital project funds exclude those types of capital-related outflows financed by proprietary funds or for assets that are held in trust for individuals, private organizations, or other governments.

Debt Service Funds: The County's *Lease-Purchase Fund* is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

Internal Service Funds: Are funds that may be used to account for activities that the governmental entity provides goods or services to other funds or activities of the primary government or its component units on a cost reimbursement basis. The County's Internal Service Funds are: Health & Welfare and Internal Service.

Enterprise Funds: Any funds that may be used to report any activity for which a fee is charged to external users for goods or services. The Maybell Sanitation Waste Water Treatment Fund is accounted for as an Enterprise Fund.

Agency Funds: Are funds used by a governmental entity to report assets that are held in a custodial relationship.

Component Units: Component units are legally separate organizations for which elected officials of the primary government are financially accountable. Financial accountability exists if the primary government appoints a voting majority of a component unit's governing body. The Moffat County Board of County Commissioners either serves as the Board of Directors or appoints the Board of Directors for component units. The County's Component Units are: Housing Authority, The Memorial Hospital, and the Shadow Mountain Local Improvement District.

FUND BALANCE DESIGNATION

In accordance with Governmental Accounting Standards Board (GASB) Statement 54, Moffat County has listed each fund balance with the following classifications depicting the relative strength of the constraints that control how specific amounts can be spent:

- **Non-spendable** fund balance includes amounts that are not in a spendable form (inventory, for example) or are required to be maintained intact (the principal of an endowment fund, for example).
- **Restricted** fund balance includes amounts that can be spent only for the specific purposes stipulated by external resource providers (for example, grant providers), constitutionally, or through enabling legislation (that is, legislation that creates a new revenue source and restricts its use). Effectively, restrictions may be changed or lifted only with the consent of resource providers.
- **Committed** fund balance includes amounts that can be used only for the specific purposes determined by a formal action of the government's highest level of decision-making authority. Commitments may be changed or lifted only by the government taking the same formal action that imposed the constraint originally.

- **Assigned** fund balance comprises amounts *intended* to be used by the government for specific purposes. Intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.
- **Unassigned** fund balance is the residual classification for the general fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose.

RESERVES

Reserves are set within statutory requirements and best practice recommendations for the County to obtain budget stabilization, maintain a good bond rating, and align cash flow to provide the services to the citizens. Reserves are designated through the budget process.

- **Emergency Reserve:** The County maintains an emergency reserve of not less than 3% of fiscal year spending pursuant to Article X, Section 20 of the Colorado Constitution. Emergency reserves shall only be accessed when the Board of County Commissioners have declared an emergency by resolution and after the General Fund budgeted contingency is exhausted in accordance with Colorado Revised Statutes (C.R.S. 29-1-111 & 29-1-112). The reserves must be replenished within the next budget year to the required level of 3% per fiscal year.
- **Operating Reserves:** The County will set a 60-day operating reserve (16.67%) of the annual ongoing expense, at the County's discretion, to allow for cash flow within these funds to ensure that obligations can be met as they become due.
- **Counter-cyclical Reserves:** In order to bridge unforeseen funding gaps, a Counter-cyclical Reserve will be applied to the funds that are affected by the following major revenues: property tax, sales tax, and highway user tax fees. The reserve may be utilized under the following conditions:
 - If a major revenue source decreases 5% within a given year after the budget is adopted, the funds can be used to offset revenue declines. Budgets must be adjusted to replenish the reserve within 2 years after use.
 - Continued revenue shortfalls will result in budgetary realignment to compensate for the decline in revenue.
- **Capital Reserve:** A Capital Reserve is set aside in order to prepare for the life cycles of facilities, equipment, and infrastructure in accordance with the replacement schedule of the Capital Improvement Plan. Capital Reserves are designated in the following funds: General, Road & Bridge, and Landfill. The reserve is created through the following methods:
 - Sale of assets in a prior year is placed in the capital reserve for future use in the fund where the transaction occurred.
 - Budgetary savings from unspent capital are also placed in the capital reserve for future use in the fund where the savings occurred.
 - One-time revenues, outside of one-time expenses designated by the Board of Moffat County Commissioners, are for future capital reserve use in the fund where the one-time revenues occurred.

General Fund: Due to high dependence on property tax, the General Fund, as the County's primary operating fund, maintains a fund balance of at least 30% per year for cash flow purposes. The 30% reserve is a combination of the reserves listed above.

LONG-TERM FINANCIAL PLAN (currently being drafted)

The Long-Term Financial Plan (LTFP) combines financial forecasting with strategizing, which considers future scenarios and helps governments navigate challenges. The yearly budget process is used to achieve the LTFP.

Forecasting of five-year expenditure, revenue, and capital needs is used in the LTFP. Strategies are developed to achieve and maintain financial balance within the LTFP. The LTFP will be updated before the budget process. Projections are made on such factors as:

- Consumer Price Index
- Population and demographic trends
- Historic financial trends
- On-going and one-time expenses and revenues
- Economic planning

BUDGET

The budget document is a one-year financial plan for the County. In order to maintain financial stability, the current budget is based on 5-year projections for revenues and expenditures as described in the LTFP. Expenditures are projected from historical inflationary experience. Revenues are based on historical trends. When these projections indicate shortfalls, the current budget year is adjusted in anticipation of the shortfalls. The resource alignment tool will be the method to approach any necessary service level adjustments. Through the use of resource alignment, county services and their costs are identified. Utilizing resource alignment allocates the County's resources not just for mandated services but also to services identified as the greatest value to the community. The level of services that are mandated may be adjusted through the resource alignment process, which may cause a delay in services.

Expenditures are in three categories. Personnel and Operating expenses are "ongoing" expenses, while capital is a "one-time" expense.

- Personnel: Wages, longevity, retirement, workers' compensation, health, dental, vision, and life insurance benefits.
- Operating: Remaining expenses other than personnel and capital.
- Capital: Capital Improvements or Projects to maintain and rotate equipment needs according to the CIP 10-year plan.

The County's budget process is in alignment with the following Department of Local Affairs Local Budget Calendar.

REVENUES

- A. One-time Revenues: One-time revenues such as proceeds from asset sales, debt refinancing, one-time grants, revenue spikes, budget savings, and similar nonrecurring revenue shall not be used for current or new ongoing expenses. Appropriate uses of one-time revenues include rebuilding reserves, capital expenditures, and other nonrecurring expenditures.
- B. Discretionary Revenue: Unless otherwise directed explicitly by the Board of County Commissioners, the County will not normally designate discretionary revenues for specific purposes. Consequently, the Board of County Commissioners will have the flexibility to determine the best use of available revenues to meet changing service requirements.
- C. Fees and Charges for Services:
 - o Enterprise funds shall not be subsidized by the General Fund and shall be wholly supported by the fees and charges generated by the enterprise, which includes operating and capital expenses.
 - o Services being provided by the County should be paid for primarily by the users and beneficiaries for the services and not the general public.

- The County should charge fees and charges for services when it is allowable, when a limited and specific group of beneficiaries can be identified, or when it is feasible to charge beneficiaries for services rendered.
 - The County will recalculate service costs periodically, and fees will be adjusted accordingly as approved by the Board of County Commissioners.
- D. Grants: The County will seek out, apply for, and effectively administer federal, state, and other grants as a means of financing a project or one-time expenditure. The Board of County Commissioners may consider grant funding, after staff provides a detailed documentation that addresses the short and long-term costs as well as the benefits to the County. Grants may not offer ongoing operational costs and should be discouraged, as programs or services may be cancelled if grants are not sustainable. Grants will be differentiated for tracking purposes between Federal, State, and Local grant types, in accordance with the County's Grant Policy.

OPERATING EXPENDITURES

- A. As determined by the Board of County Commissioners, services that directly contribute to the Long-Term Financial Plan for the County will receive first priority for funding.
- B. The County maintains a budgetary control system through its accounting software to manage adherence to the budget. Reports are available through this system to management, which compare actual revenues and expenditures to budget amounts. In addition, staff will prepare reports on a monthly, quarterly, and yearly basis to the Board of County Commissioners, which evaluates financial performance.
- C. The Operating Budget will include appropriate contingency funding to meet unexpected requirements, which may arise during the year.
- D. The County will maintain an equipment replacement program to ensure sufficient resources are available annually to replace vehicles and equipment.
- E. All County purchases will be made to ensure that the County is getting the best item or service for the least amount of money, and the overall economic impact on the community. This does not mean that the County will always purchase the least expensive item, but will weigh the cost against the quality of the item or service.
- F. The County does not allow a department to spend any money that it has not appropriated in the personnel, operating, or capital category within its department. The County requires a budget supplemental to transfer between line items or in the event the department receives unexpected revenue. Supplementals are done three times a year: by the last working day of March, July, and December. In the event of unforeseen circumstances, additional meetings regarding budget amendments can be held as needed. (See Budget Amendments).

DEBT

Debt is a tool for financing capital purchases or projects. The issuance of debt is in accordance with Colorado State Laws.

Debt should not be used to finance current operating expenses. The County will confine long-term borrowing to major capital purchases or projects that cannot be financed from current revenues.

If it is not possible to fund major projects with cash reserves or current revenue, the Board of County Commissioners (BOCC) may authorize the following, as stated per the Colorado Constitution, Article 10, Section 20:

1. Debt instruments not requiring voter approval, such as lease-purchase contracts or certificates of participation;
2. Revenue bond financing requiring voter approval; or

3. General obligation bond financing requiring voter approval.

The total amount of indebtedness shall not be in excess of 3% of the actual value, as determined by the assessor, of the taxable property in the county in accordance with Colorado Revised Statutes (C.R.S. 30-26-301(3)).

All debt issuances shall identify the method of repayment (or have a dedicated revenue source).

COMPENSATION

Salaries and benefits are one of the largest expenditure items for Moffat County. The County takes pride in its ability to recognize the value of employees in delivering a total compensation packet that includes cash compensation, health insurance, retirement benefits, and other employee benefits that provide employees with security and opportunity.

- All proposed salary structure adjustments require the approval of the Board of County Commissioners during the annual budget process.
- Staffing shall not exceed the authorized level by the Board of County Commissioners.
- Savings in an adopted budget that result from vacant positions are not to be used as justification for Elected Officials or Department Heads to increase expenses for other personnel, operational or capital expenditure purposes.

INTERNAL CONTROL

Internal control safeguards the County's assets against loss, checks the accuracy and reliability of the accounting data, promotes operational efficiency, and encourages adherence to policy.

In order to provide reasonable assurance of internal control, the following controls should be met within departments:

- All transactions are properly authorized by management.
- Transactions are recorded as necessary (1) to permit preparation of financial statements in conformance with statutory requirements and GAAP and (2) to maintain accountability for assets.
- Access to assets and records should be permitted only with management's authorization.
- Records should be checked against the assets by someone other than the persons responsible for the records or the assets. Examples of independent verification are monthly bank reconciliations and periodic counts of inventory.
- Elected Officials and Department Heads should separate functional responsibilities. In general, when the work of one employee is checked by another, and when the responsibility for custody of assets is separated from the responsibility for maintaining the records relating to those assets, then there is appropriate segregation of duties.

Each Elected Official and Department Head is responsible for ensuring that internal control procedures are followed throughout their department.

BUDGET AMENDMENTS

A budget amendment will increase or decrease budget appropriations adopted by the Board of County Commissioners. Any changes to the adopted budget, through transfer, supplemental appropriation, or revised appropriation, are held every year in March, July, and December in accordance with Colorado Revised Statutes (C.R.S. 29-1-101 et seq.) In the event of unforeseen circumstances, additional meetings regarding budget amendments can be held as needed.

Budget appropriations may be adjusted due to the following:

Transfers: Transfer appropriated moneys between funds or between spending agencies within a fund, as determined by the original appropriation level. This is used when one line item is under budgeted and another line item is over budgeted within a fund. (C.R.S. 29-1-109(1)(a)).

Supplemental: After adoption of the budget, the County receives unanticipated revenues or revenues not assured at the time of the adoption of the budget from any source other than the County's property tax mill levy, the County may authorize the expenditure of such funds. (C.R.S. 29-1-109(1)(b)).

Budgetary Decreases (Revised Appropriation): If revenues are lower than anticipated in the adopted budget, the County may adopt a revised appropriation to reduce the budget. (C.R.S. 29-1-109(1)(c)).

RECESSION PLAN

The recession plan and classification of the severity of the economic downturn will be used in conjunction with the importance of maintaining reserves to address economic uncertainties. As any recessionary impact reduces the County's reserves, corrective action will increase proportionately. The following is a summary of the phase classifications and the corresponding service level actions to be taken.

1. MINOR: An anticipated net reduction in available reserves or reduction in major revenue source(s) in excess of 5%, but less than 15%. The objective at this level is still to maintain "Same Level" of service where possible. Actions associated with this level would be:

- a. Intensifying the review process for large items such as contract services, consulting services, and capital expenditures, including capital improvements.
- b. Consider transferring capital project funds designated for future projects to the affected fund during a "Minor" situation.
- c. Closely scrutinizing hiring for vacant positions, delaying the recruitment process, and using temporary help to fill in where possible.
- d. Reducing services or programs from the affected fund.

2. MODERATE: An anticipated net reduction in available reserves or reduction in major revenue source(s) in excess of 15%, but less than 30%. Actions associated with this level would be:

- a. Requiring greater justification for large expenditures.
- b. Deferring capital expenditures.
- c. Reducing Capital Improvement Plan appropriations from the affected fund.
- d. Hiring to fill vacant positions only with special justification and authorization.
- e. Further reducing services or programs from the affected fund.
- f. Closely monitoring and reducing expenditures for travel, seminars, and retreats.
- g. Preparing for a reduction in workforce, such as hiring freeze, reduction in hours, and furloughs.

3. MAJOR: An anticipated net reduction in available reserves or a reduction in major revenue source(s) of 30% to 50%. Actions associated with this level would be:

- a. Further reducing capital expenditures.
- b. Further reducing service level from affected funds.

- c. Implementing a reduction in workforce.

4. CRISIS: An anticipated net reduction in available reserves or a reduction in major revenue source(s) of 100% depleted, and a potential for having a deficit is present. Actions associated with this level would be:

- a. Further reduction in workforce.
- b. Elimination of services.
- c. Elimination of capital expenditures.

LONG-TERM RECESSION PLAN

In the event that an economic uncertainty is expected to last for consecutive years, the cumulative effect of the projected reduction in reserves will be used to determine the appropriate phase and corresponding actions.

RETURNING TO NORMALCY AFTER EXPERIENCING A PHASE OF RECESSION

If major revenues are realized for more than one consecutive year, allowing the reserve levels to maintain at the current operating level, the Board of County Commissioners may consider that the revenues are at a normal receiving pattern. The sustainability of the revenue source will be analyzed to determine if it is a one-time revenue or ongoing revenue before the Board of County Commissioners may consider it a long-term expansion of revenue growth.

Annual Budget Procedures

The budget process begins in June when the Finance Department presents the current year revenue projections and the fiscal state of the county. Departments review their current year-end estimates and budget year expenditure and revenues. Changes in these expenditures and revenues are due to Finance in July. The Finance Director reviews each budget with the elected officials and department heads over a four-week period. The Finance Department also prepares budget packets for outside agencies in June. These packets contain applications for funds and instructions. Agencies are required to submit information, including program description, accomplishments, goals, proposed use of funds, approximate number of citizens served, and how these programs may positively affect other County expenditures (for example: programs which train and encourage people may lead to less crime and therefore a reduction in law enforcement costs).

During August, each cost center may meet with the County Commissioners and the Finance Director to review their budget requests. Outside agencies must submit their funding requests during July. After reviewing the departmental budget requests, the County Commissioners provide their recommendations to Finance for the preparation of the proposed budget.

During July and August, the Board holds budget workshops with Elected Officials, Department heads, and other cost center managers to discuss budget recommendations. Late in November and early in December, the Finance staff finalizes a balanced budget pursuant to Board direction. By December 15, the budget is adopted, funding is appropriated, and the mill levies are certified by formal resolutions of the Board.

The Finance staff prepares the published budget document and condensed budget during the first quarter of the budget year. The budget document comprehensively covers the financial plan for the year and serves as an operations guide and communication tool. The budget document provides fiscal information for the past three years, as well as a description of each cost center's mission statement, purpose, organization chart, and staffing. It contains summaries and detailed fund budgets, including a schedule of the approved staffing levels and the capital expenditure plan. The five-year capital

expenditure budget and plan are presented, with the amounts for the 2026 budget being legally appropriated funds. Any fiscal reference beyond the 2026 budget year represents no legal spending authority of any County office or department.

Graphs, charts, and schedules have been prepared to more clearly present the operating plan. Information provided by the fund is intended to give the reader the details necessary to understand the overall budget as well as to guide elected officials and department heads in the administration of their programs. This information is an integral part of the financial reporting system of the County.

Budget supplements, which will increase a fund's adopted budget, such as to expend unanticipated revenues or to transfer appropriated monies to another fund, require Board approval at a duly noticed public meeting. Budget supplements or transfers are generally submitted to the Board three times a year: in March, July, and December. All annual appropriations lapse at the end of each fiscal year.

Current Debt and Legal Debt Limits

The Lease-Purchase Fund accumulates for payment for lease purchase agreements through various venues.

The County held an election on November 4, 1997, where the voters approved a measure to reallocate Moffat County's 2% sales tax distribution from the City of Craig and the Town of Dinosaur to Moffat County. The result of the election redistributes Moffat County's 2% sales tax distribution as follows:

- .50% distributed to the County.

- .75% remains with the City of Craig and Town of Dinosaur.

- .75% of the Moffat County 2% Sales Tax collected within the City of Craig and Town of Dinosaur is distributed to the County and utilized for the purpose of acquiring, constructing, equipping, furnishing, and maintaining capital projects.

Historically, the Lease-Purchase Fund accounted for the certificates of participation ("COP's) from the 1998 series to the 2015 series, financed by Moffat County and the Moffat County Finance Corporation. These COPs were mainly utilized for the construction of the Moffat County Public Safety Center and were paid with the .75% sales tax for that purpose as referenced above. In 2021, the final payments were made for all series related to these COPs, releasing Moffat County and the Moffat County Finance Corporation from further obligation.

In 2020, Moffat County purchased land and a vacant building to remodel into a new County Courthouse and other County offices. In 2021, Moffat County issued certificates to finance the project. The certificates are in \$5,000 denominations, with interest ranging from 2.125% to 5.0%. The above-mentioned .75% of Moffat County's 2% Sales Tax is utilized for payments towards the purpose of the 2021 Certificates to remodel the new County Courthouse and other County offices. For 2026, the Lease Purchase payment for the 2021 Certificates is \$1,228,750.

In 2021, Moffat County entered into an equipment lease as an energy savings project. The net proceeds of the lease agreement are being used for the purchase and installation of a solar system at the Moffat County Safety Center. The energy savings from the solar system are to repay the lease agreement for the project. For 2025, the Lease payment for the energy savings project is \$30,983.

The remaining lease payments and total liability, for both lease purchase projects, are documented in the appendix section of the budget under Lease-Purchase Supplemental Schedule as required by C.R.S. (29-1-103(3)D).

While there are no statutory limits on debt incurred for certificates of participation, C.R.S. (30-26-301(3)) limits the obligation of debt to 3% of assessed valuation. Moffat County's 2025 assessed valuation is \$429,223,708. If the voters authorized general obligation debt through an election as required by the Colorado Constitution, Article X, Section 20, the debt limitation would be \$12,876,711.

Staffing and Population

This chart shows Moffat County staffing levels in relation to the number of taxpayers we serve. Numbers include regular, part-time, and temporary employees. The 2026 Budget for FTE remained at 1.48% same as the 2025 budget.

Personnel Expense

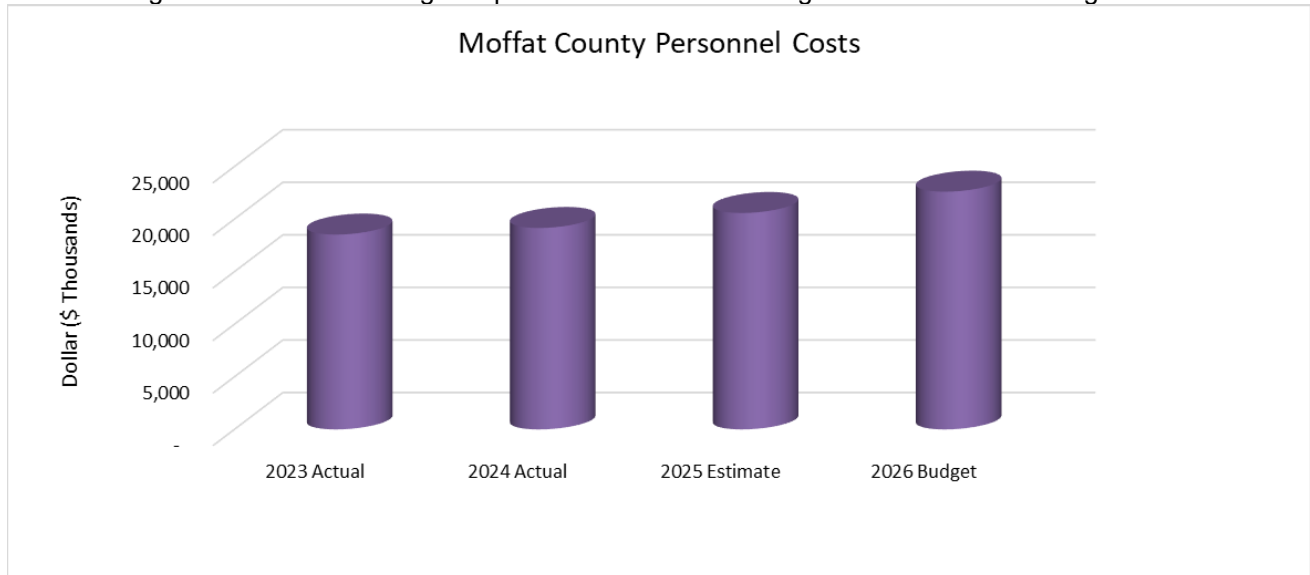

The 196.92 Full Time Equivalent (FTE) positions budgeted for 2026 represent \$22,614,345 in personnel expense. Items budgeted in personnel expense include: salaries and wages for regular and part-time employees, overtime, health insurance, retirement contributions, life insurance, disability, Social Security/Medicare insurance costs, and other pay and benefit costs.

Historically, personnel expense increases annually. The County uses a step system as well as an annual employee compensation chart shifts as the budget allows and is reviewed each year. The step system is based on new hires starting at 80% of the midpoint of the position they are hired for. However, this starting step can vary depending on experience and education. On the employees' 1-year anniversary, they receive a 5% increase. This increase continues with adequate performance appraisals through year 5 at the same rate until the employee is at the mid-point of their position. From years 6 through 15, employees remain at 100% of their mid-point, with increases coming from yearly chart shifts only. Due to the nature of governmental budgeting, the employees are not guaranteed step increases from year to year. Step increases are included in the 2026 budget year.

Employees who have completed 16 years receive a \$20.00 per pay period increase up to \$100.00 per pay period at the end of 20 years of service.

The employee compensation chart shift is achieved by an overall increase based on the Consumer Price Index (CPI) for the last half of the prior year and the first half of the current year. Due to the nature of governmental budgeting, the employees are not guaranteed salary increases from year to year; a salary survey was conducted in 2022 to align wages with the rising cost of living.

The following chart reflects the budgeted personnel costs for staffing levels from 2023 through 2026:

Throughout the year, several factors influence the average salary, wage, and benefit amounts per employee. Some of these factors are:

- Overtime payments can fluctuate depending on such factors as weather (for snow removal) and election or reassessment years.
- Increases in the cost of employee benefits, such as health and dental insurance, increase the average benefit cost of all permanent employees.
- Staffing turnover may cause step entry-level or benefit expense changes.
- Reduction in staffing levels from one year to the next.

These influencing factors change personnel costs throughout the current year. The personnel budget is based on actual employees at the time of budgeting each year.

2026 Personnel Expense changes from 2025

Personnel expense includes wages, longevity, retirement, FICA, Medicare, workers' compensation, health, dental, vision, and life insurance benefits. The 2026 personnel budget has increased 9.84% or \$2,026,416.

Types of Funds

GENERAL FUND—The General Fund is used to account for resources traditionally associated with governments, which are not required legally or by sound financial management to be accounted for in another fund.

SPECIAL REVENUE FUNDS—Special Revenue Funds account for taxes or other earmarked revenue of the County which finance specified activities as required by law or administrative action.

CAPITAL PROJECTS FUNDS—Capital Projects Funds are used to account for the acquisition and construction of major capital equipment and facilities other than those financed by proprietary funds and trust funds.

LEASE-PURCHASE FUND—The Debt Service Fund accumulates for payment of the 2014 series and 2015 series certificates of participation (COP's).

PROPRIETARY FUNDS

ENTERPRISE FUNDS—Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the government's council is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the government's council has decided that periodic determination of net income is appropriate for accountability purposes.

INTERNAL SERVICE FUNDS—Internal Service Funds are used to account for the financing of goods or services provided by a department or an agency to other departments or agencies of the government and to other government units, on a cost reimbursement basis.

COMPONENT UNITS—Component Units are legally separate organizations for which the County government is financially accountable. They may also be organizations for which the nature and significance of their relationships with the County government are such that exclusion would cause the County's financial statements to be misleading or incomplete.

Fund Balance Designation

In accordance with Governmental Accounting Standards Board Statement 54 Moffat County has listed each fund balance with the following classifications depicting the relative strength of the constraints that control how specific amounts can be spent:

- **Non-spendable** fund balance includes amounts that are not in a spendable form (inventory, for example) or are required to be maintained intact (the principal of an endowment fund, for example).
- **Restricted** fund balance includes amounts that can be spent only for the specific purposes stipulated by external resource providers (for example, grant providers), constitutionally, or through enabling legislation (that is, legislation that creates a new revenue source and restricts its use). Effectively, restrictions may be changed or lifted only with the consent of resource providers.
- **Committed** fund balance includes amounts that can be used only for the specific purposes determined by a formal action of the government's highest level of decision-making authority. Commitments may be changed or lifted only by the government taking the same formal action that imposed the constraint originally.
- **Assigned** fund balance comprises amounts *intended* to be used by the government for specific purposes. Intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.
- **Unassigned** fund balance is the residual classification for the general fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose. If another governmental fund has a fund balance deficit, then it will be reported as a negative amount in the unassigned classification in that fund. Positive unassigned amounts will be reported only in the general fund.

*The property tax for the Hospital is a **voter-dedicated mill levy** from the 2007 election of 3 mills not to exceed \$1,500,000 annually and sunsets in 2046.

The hospital receives 96% of its revenues from charges for services, as shown in the chart below:

The County's revenue is more diverse than hospital revenues, with sources including 22% from Property tax, 10% from sales tax, and 33% from intergovernmental funds (mainly federal and state), as shown in the chart below.

Sales Tax

Sales tax is composed of sales tax, cigarette tax, severance tax, lodging tax, local marketing district tax, airport excise tax, and 911 taxes.

County Sales Tax

The County has a 2% sales tax. Moffat County's 2% sales tax is collected through the Colorado Department of Revenue. When the County sales tax is collected within the City of Craig and the Town of Dinosaur, the Colorado Department of Revenue distributes the revenue as follows:

.50% distributed to the County.

.75% remains with the City of Craig and the Town of Dinosaur.

.75% of the Moffat County 2% Sales Tax collected within the City of Craig and Town of Dinosaur is distributed to the County and utilized for the purpose of acquiring, constructing, equipping, furnishing, and maintaining capital projects.

For the 2026 budget, this portion of the sales tax revenue received by the County is utilized toward the certificates of participation (COP's), other capital maintenance, and capital projects within the County.

When the 2% County Sales tax is collected within the unincorporated part of the County, it is utilized for County services. The County portion of the sales tax through all collections is projected at \$800,000, which is currently allocated to the General, Airport, Jail, and Road Bridge Fund.

The County is projecting to receive \$2,500,000 in total County sales tax collections for 2026 through the distribution mentioned above and shown in the chart to the right.

Property Tax

Property taxes are collected on the assessed values of real, personal, and utility property. Revenues from the 2025 assessment are received in the 2026 budget year. Property taxes include current property taxes, delinquent property taxes, penalties, and interest. **Total property tax revenue from all sources is anticipated to increase \$342,204 from the 2025 budget.**

Mill Levy

The mill levy increased to 24.109 from 2025 to 2026. This increase was for the Abatement only. The general fund did decrease slightly. The mill levy will be certified to the Assessor by December 22nd.

The largest concern for Moffat County deals with the heavy reliance on property tax revenue. This concern is compounded by 60% of the assessed value being based on the top ten taxpayers, as shown in the chart to the left. These entities are involved in the energy business, which has a tendency to fluctuate. The energy business is undergoing many political changes at the National and State levels, which could significantly impact Moffat County. The financial stability of the County

has to be balanced against some measure of concern for the future. In order to address these issues, Moffat County has established reserve policies. These reserves could be used to offset a decrease in revenue, along with the implementation of the recession/net revenue shortfall plan, should we lose a taxpayer.

Hamilton Community

Hamilton Community Center

Mission Statement:

The mission of the Hamilton Community Center is to provide the public with a meeting place for functions, activities, and meetings. It is used by clubs, groups, and organizations as well as individuals for meetings, dinners, parties, and get-togethers.

Purpose of Department:

- ✓ The Hamilton Community Center exists to provide the public with a place to meet. (See mission statement). Approximately 100 people use the building monthly, and approximately 400 people have used it in the last budget year for Christmas parties, receptions, DOW information meetings, fund-raisers, outfitters organizational meetings, and other parties. Approximately 95% of those attending functions at the Hamilton Community Center are Moffat County residents. The age groups range from children in the local 4-H club to recreational associations, community and family groups for get-togethers, local governmental informational meetings, including DOW and trash dumpster meetings, political caucuses, etc. The center is also a voting precinct.
- ✓ The Hamilton Community Center has no regular revenue. We encourage donations from the users of the Center and have had excellent cooperation from those using the building. In addition, we continue to use memorial funds given in memory of long-time board/community member Ethel Jordan. We have been able to use some of those funds for special needs and projects for the Center. The daily needs of the building, i.e., paper supplies and cleaning supplies, are totally provided through donations. Since donations are difficult to project, we must continue to budget for needed items; however, if donated monies are available, we have been able to purchase larger items with those donated funds, allowing budgeted monies to stay with the County. Since donations help defray the costs of both supplies and larger items, the cost of maintaining the building is kept to a minimum. Usage of this building can also take the pressure off meeting places in Craig.

Health & Welfare

Health benefits

Human Resources Director: Rachel Bower
Phone: 970 824 9108
Email: rbower@moffatcounty.net

Mission Statement:

The Health & Welfare Board will continue to work towards minimal changes in benefits while offering the best benefits possible for our employees at an equitable cost to Moffat County and at a minimal cost to our employees. Offering our on-site Employee Health & Wellness Center to our employees and their eligible dependents is a means of offering prevention and wellness-based healthcare to control our healthcare costs. Our goal is to focus on prevention and wellness in hopes of catching illness in the early stages in order to prevent the cost of higher claims in the future.

Purpose of Department:

- Monitors and maintains all financial records concerning the County's benefit plans. The plan includes major medical, dental, vision, life, and COBRA. Each department contributes to this fund, and the monies are paid out as required. This fund is guided and monitored by the Moffat County Health and Welfare Board.
- Oversees and assists in the successful operation of the Employee Health & Wellness Center.
- Moffat County is currently self-funded, which gives the Health and Welfare Board more control over our plan. The benefits of being self-insured include paying only claims that are incurred rather than anticipated claims, keeping the savings of lower-than-expected claims instead of forfeiting them to the insurance company, only paying up to our stop-loss limit of \$85,000 per claim or \$2,500,000 total per year if claims are higher than expected, and having greater flexibility in determining which benefits to offer.

2026 Strategic Plan

Moffat County Local Marketing District

Mission

The Moffat County Local Marketing District (MCLMD) will support, enhance and encourage initiatives that create economic diversification, development, and stability for Moffat County as it transitions from a coal reliant community. This will include, but is not limited to, the promotion of Moffat County as a premier recreation and tourism destination.

Background

The MCLMD board continues to maintain our key stakeholder partnerships with Moffat County Tourism Association (MCTA), Craig Chamber of Commerce, City of Craig, Moffat County, and the Town of Dinosaur.

All these entities are vested in the future success of Moffat County. With the reality of a significant reduction in coal generated electricity and mining now upon us; it is imperative that all stakeholders recognize the urgency of creating and sustaining a diverse economy and expedite efforts to achieve this paradigm shift. As MCLMD plans for 2026, it presents a strategic plan with two options. The results of the November 2025 election will determine which 2026 Strategic Plan is implemented.

For 2025, the YTD revenue through August 31, 2025, is \$216,536.02. Using a four-year average for the months of September through December, the **projected** revenue for 2025 is \$347,574.13. If this projection holds true, yearend revenue will be slightly higher year-over-year 2024 v. 2025. While the projected revenue for 2025 is \$347,000, the MCLMD is using a conservative estimate of budgeted revenue of \$300,000 for our 2026 budget year, slightly higher than the \$292,500 used for 2025. This conservative estimate reflects possible reduction in hunting season traffic due to the winter kill experienced during the 2022/23 winter with hunters not returning to the area after unsuccessful hunts in 2024 coupled with current drought conditions. The estimate also reflects possible future recessionary conditions in 2026 and forecasted reduction in foreign travel.

If historic averages are correct, the yearend lodging tax revenue should be at or above the 2025 budget of \$300,000. For 2025, MCLMD allocated a significant portion of its budget, \$108,000, to existing events in Moffat County. These events ranged from summer events such as the Whittle the Wood and the Balloon Festival. Other events included the Colorado High School Rodeo finals, Coal Mountain Skijoring, Dinosaur Stone Age Stampede, and festivals orchestrated by the Downtown Business Association.

MCLMD continues to be limited in how tax revenue can be used to further our strategic plan. This limitation illustrates the need for all municipal entities working together to steward economic development into projects that are tangible and deliverable to the citizens of Moffat County.

2026 Strategic Plan A – Measure 6A Is Not Renewed

If measure 6A is not passed by Moffat County voters, the MCLMD will expedite the allocation of any remaining funds as specified in Article 25 Sections 29-25-101 through 29-25-118 of the Colorado Revised Statutes for Local Marketing Districts. The focus will be to allocate all remaining funds per the strategic goals outlined in the 2026 Strategic Plan

2026 Strategic Plan B – Measure 6A Is Passed / Renewed

The 2026 Strategic Plan will focus on our Cornerstone Projects while continuing to assist with funding events to draw tourists to Moffat County. The MCLMD will continue to uphold the will of the voters to implement a plan to diversify and develop the Moffat County economy, and to effectively promote its physical attributes. We expect that the Ex Officio Board be constructive

and critical in its review of this plan. The MCLMD will use this feedback to evaluate the strengths and weaknesses of this plan.

For 2026, the MCLMD strategic plan will be focused on four areas. Those areas include, 1.) Economic Development / Diversification; 2.) Community Marketing / Promotion; 3.) Cornerstone Projects; and 4.) Event Support. This plan will be governed by C.R.S. 29-25-101-118. This plan will also be inspired by collaboration between MCLMD, MCTA, and the Visitor's Center (both Craig and Dinosaur) and other governmental entities as necessary. Input will also be solicited from the Craig Chamber of Commerce, Downtown Business Association, and community members for the collaboration on other projects that will promote Moffat County and develop its economy.

Economic Development Diversification

1. Moffat County faces the reality that three major employers will have shut down operations or significantly scaled back their operations starting in the fall of 2025, and in earnest by the end of 2028. MCLMD will support any efforts to identify alternative uses for our natural resources or industries that can capitalize on the infrastructure already created by such entities. Economic development also includes, but is not limited to, the expansion of existing businesses and programs to develop and encourage start-up businesses. MCLMD will also assist in other strategies designed to diversify and stabilize our local economy. Strengthening the economy also includes community development. The MCLMD will be an active participant in the discussion of community housing, regional transportation, and the Just Transition initiatives.

Community Marketing

1. MCLMD sees the need for an effective promotion of Moffat County, not only for recreation but also to attract businesses. The opportunity to promote various economic opportunity zones and development projects is time sensitive. MCLMD will assist in any way possible to assist in reaching potential developers and investors.
2. *(Holdover Goal from 2023, 2024, and 2025 Plan)* MCLMD will begin a campaign to gain recognition for the contributions we make to economic expansion and diversification; support for local events; and other programs promoting tourism and our community. This includes but is not limited to 'Big Check' presentations for projects the MCLMD supports; creating an Annual Report; quarterly ads (either print or on social media); consistent updates to stakeholder partners; and overall marketing.

3. MCLMD will allocate funds to support community events. Funds will also be allocated to events, initiatives, and organizations that capitalize on the natural resources existing in Moffat County. These funds will be allocated with stipulations that each event, initiative, and organization will be evaluated based on its role in community development, number of visitors attracted, depth of business plan, financial viability, and how the event correlates to Moffat County's future vision. Special events should enhance community development. These events should also utilize data to evaluate their event's ability to draw outside visitors and how to determine how to increase participation through focused marketing efforts.
4. Provide financial support to the Moffat County Visitor's Center subject to a review of a detailed and complete financial information regarding operating expenses and revenues.
5. Provide a consistent and predictable funding process for event funding. This entails having one grant request session for existing events. The deadline for funding requests will be December 31, 2025. MCLMD will entertain requests for new events as they are received.

Cornerstone Projects for 2026

1. **Economic Development** – Provide financial support for economic development initiatives as presented by various local organizations and community individuals focused on looking forward to the economic diversification of Moffat County. These initiatives may include, but are not limited to, start-up businesses, business plan competitions, expansion of existing businesses, and resources for usability analysis of Moffat County resources. Also, providing resources and tools for those seeking funding to properly develop viable business plans and budgets to create sustainable local business.
2. **Community Marketing / Attraction**– Financially support efforts to a support and promote events, initiatives, and organizations.
3. **Annual Report** – MCLMD will provide an annual report to key partners and the community highlighting board accomplishments through the utilization of Lodging Tax Revenue.
4. **Support of Recreational Opportunities** – Place an emphasis on events, initiatives, and organizations that capitalize on Moffat County's natural resources.

2026 Budget Strategy

Based on the 2026 strategic plan and objectives listed above, the LMD Board proposes to amend the budget to reflect the following allocation strategy.

- Estimated 2026 Lodging Tax Revenue: \$300,000 (*\$292,500 in 2025*)
- Financial Support for up to \$107,500 for projects and initiatives which align with our Cornerstone projects. (*\$100,000 in 2025*)
- Financial support up to \$82,500 for existing events (*\$82,500 in 2025*)
- Financial support up to \$5,000 for MCLMD operational expenses (*\$10,000 in 2025*)
- Financial support up to \$10,000 for new events (*\$15,000 in 2025*)
- Financial support up to \$20,000 for Colorado High School Finals Rodeo (*\$20,000 in 2025*)
- Financial support up to \$75,000 for Strategic Partners (*\$75M in 2025*)
- MCLMD earmarks \$348,172.19 of historic, present, and future revenue for cornerstone projects, and new / emerging initiatives and/or projects emerging in 2026 and requesting MCLMD funds, subject to MCLMD's statutory funding guidelines. This amount is based on the projected unencumbered cash as of August 31, 2025 plus 5yr average of historical revenue collected for September, October, November, and December; less the two grants awarded at the September 11, 2025, MCLMD meeting. The below table summarizes these calculations.

Unencumbered Cash Balance as of 8/31/2025	\$261,750.22
Add 5 yr average revenue collected - September	\$ 16,873.01
Add 5 yr average revenue collected - October	\$ 15,986.93
Add 5 yr average revenue collected - November	\$ 84,075.41
Add 5 yr average revenue collected - December	\$ 14,102.76
Less Artisan Market Request approved 9/11/25	\$ (4,000.00)
Less Woodybury Pickleball Project approved 9/11/25	\$ (40,616.14)
Estimated Unencumbered Cash Balance 12/31/2025	\$348,172.19

- This creates total possible budget expenditures of 648,172.19 (*\$348,172.19 identified above plus the \$300,000 estimated 2026 budget*).

Capital Improvement Program

The Capital Improvement Program (CIP) is a multi-year planning tool to identify and implement the County's short-term and long-term capital needs.

The CIP is the result of significant collaboration between the following departments: Development Services, Facility Maintenance, Fairgrounds, Landfill, Parks & Recreation, Road and Bridge, Weed & Pest, Information Technology Department, and the Finance Department, and also reflects input from other County departments. The commendable work of all parties is reflected in the CIP.

2026 Capital Improvement Plan

The 2026 CIP includes improvements in six categories of projects:

- Equipment/Vehicle Replacement \$1,906,670
- Facility Improvements \$5,506,855
- Airport Maintenance \$482,000
- Road Maintenance \$1,060,000
- Technology Improvements \$35,800
- Landfill Maintenance \$100,000

The County's 2026 CIP includes a total of \$9,091,325 million. This amount is a decrease of \$3,976,571 from the 2025 budget figure of \$13,067,896. This decrease is mainly from utilizing the county's new lease program and the Fairgrounds Capital Project.

2026 Includes costs for specific projects, while future years only reflect estimated costs. Actual costs in future years are based on CIP projections according to current asset costs.

Road Maintenance

The objective of the Road and Bridge Department is to provide and maintain a safe and adequate road system for the unincorporated areas of Moffat County. In addition to general maintenance, this budget includes the cost of engineering, construction, and maintenance of the 1,700 miles of the County Road system. The Department's activities include: street overlays, replacement of signs, culverts, and cattle guards, road surface maintenance, chip seals, patching, shoulder repairs, removal of roadside debris, storm patrol, storm cleanup, and providing requested service to other County departments.

Overview of the 2026 CIP

The County's Capital Improvement Program (CIP) is a multi-year planning tool to identify and implement short-term and long-term capital needs. Capital projects included in the CIP include acquisitions, additions, improvements, and non-routine maintenance to County-owned facilities and roads that generally equal or exceed \$25,000 and have a useful life of at least five years. In addition, the plan also includes capital equipment and vehicle replacements that equal or exceed \$5,000 and have a useful life of at least two years.

In order to maintain assets at a level adequate to protect the county's capital investment and to minimize future maintenance and replacement costs, the CIP plan provides guidance in the capital replacement rotation and capital improvement needs according to 10-year projections and will be updated and adopted on an annual basis.

Facility Improvements Projects

These capital investments help ensure safe and appropriate facilities for County employees and the public. These facilities include the Courthouse, Public Safety Center, Road and Bridge Offices and Shops, Libraries, Community Centers, and parks and open space facilities. The 2025 CIP shows funding for facilities from county funds or from Conservation Trust Funds. The County-owned mineral revenue is being designated as follows per Resolution 2006-137 Designation of Revenue in Capital Projects Fund:

- 15% of the revenue for Courthouse Expansion/Major Renovations
- 15% of the revenue for Senior Housing Improvements/Addition
- 25% of the revenue for a multi-use building at the Fairgrounds
- 45% of the revenue for yet to be determined capital improvements
-

As of the end of 2026, these categories have the following estimated balances:

- Courthouse Expansion/Major Renovations \$201,723
- Senior Housing Improvements/Addition \$746,606
- Multiuse Building at Fairgrounds \$1,180,290
- Yet to be Determined Capital Improvements \$154,090

Equipment/Vehicle Replacement

Equipment/Vehicle Replacement

It is Moffat County's goal to continue to maintain our equipment and vehicles to ensure employee safety as well as improved efficiency. The replacement schedule for equipment and vehicles varies by department, type of equipment, and usage. Developmental Services also works with Departments to research the best value for Equipment Purchases and, if needed, prepares the bid process.

Fleet Management Program

Moffat County is implementing a partnership with Enterprise to lease vehicles. This program is not your standard lease option, like a consumer lease. Moffat County is still purchasing the vehicles, and at the end of the 5-year term, we own them. Moffat County is also able to utilize the buying power of Enterprise, which affords us the ability to order the vehicle to our specs. The Enterprise team is also managing our fleet by analyzing the value of each vehicle at any given time, and if there is a high resale value for our vehicle, we have the option to have it sold, and all profits from the vehicle will go towards the vehicle that replaces it, which in turn will lessen the price of the next vehicle. Approximately \$30,000 per vehicle will be saved per year.

Due to the struggles with revenue shortfalls and capital improvement needs, a 10-year Capital Improvement Plan (CIP) has been developed to address vehicle and equipment rotation, along with building improvements. Typically, a CIP is built on a rotation basis, such as vehicles rotate every 5 years or 100,000 miles. The CIP for Moffat County is based on scoring mechanisms to identify the highest replacement need from usage. For example, an older vehicle that may have

low miles due to in-town use may not be a high need for replacement and will stay on the rotation until the mileage and condition of the vehicle are scored for the highest replacement need.

Purpose of Department:

Memorial Regional Health includes a 25-bed hospital, multi-specialty medical clinics located in Craig and Steamboat, and a rehabilitation center located in and focused on caring for the residents of Northwest Colorado.

Following a vote of the people to support a new hospital, MRH opened a new 25-bed hospital in 2009. In September of 2019, MRH consolidated most of the medical practices, providers, and services into the newly constructed medical office building located adjacent to the hospital.

At MRH, we pride ourselves on taking care of you like family. Many of you know our staff not only as healthcare experts, but as friends and neighbors as well. We are dedicated to helping you, personally, reach optimum health, and to increasing the health of our community as a whole. Together, we're stronger. When you choose MRH, you choose Craig.

Glossary

Adopted Budget-Refers to the budget amounts originally approved by the Board of County Commissioners at the beginning of the year and the budget document, which consolidates all beginning-of-the-year operating appropriations and new capital project appropriations.

Agency - A government or community-based organization outside County Government that receives County funding (e.g., mental health agencies, Council on Aging, etc.).

Appropriation- The legal authorization made by the Board of County Commissioners to the departments, offices, and agencies of the County, which approves their budgets and allows them to make expenditures and incur obligations for specific purposes within the amounts approved.

Assessed Valuation- The total value of all real and personal property in the County, which is based on levying taxes. Tax-exempt property is excluded from the assessable base.

Bond- An interest-bearing note issued to borrow money on a long-term basis.

Budget- The financial plan for the operation of a program or organization for the year.

Budget Preparation Manual- The set of instructions and forms sent by the Finance Department to the departments and agencies of the County for preparation of their budget requests.

Capital Expenditure or Outlay- The use of resources to acquire or construct a capital asset.

Capital Improvements or Equipment- Public facilities and infrastructure (buildings, bridges, roads) and major shared equipment resources (computer systems, telephone systems).

Colorado Revised Statutes or C.R.S.- A body of laws governing conduct within the State of Colorado.

Conservation Trust Fund- State of Colorado lottery funds remitted to the County for Parks and Recreation use.

Debt Service- The annual payment of principal and interest on the County's indebtedness.

Emergency Supplemental Appropriation- The governing body of a local government may authorize the expenditures of funds in excess of the budget. An "emergency" is defined as an act of God, or public enemy, or something which could not have been reasonably foreseen at the time of the adoption of the budget.

Encumbrance- An amount of money committed and set aside, but not yet expended, for the purchase of a specific good or service.

Expenditure- An actual payment made by the County warrant (check) or by inter-fund transfer.

Fees- Any charge levied by the government associated with providing a service or imposing a fine or penalty. Major types of fees include planning fees, user charges, building permits, and vehicle registrations.

Fiscal Policy- The County Government's policies with respect to taxes, spending, and debt management as these relate to government services, programs, and capital investment. Fiscal policy provides a consistent set of principles for planning and programming government budgets.

Full-time Equivalent (FTE)- The conversion of staff time into the decimal equivalent. One full-time position (1.0 FTE) is defined as containing 2,080 work hours; a half-time position (.50 FTE) requires 1,040 work hours, and etc.

Fund Balance (Budget Basis)- The year-end cash balance of a fund less outstanding encumbrances. The unencumbered balance at year-end in a fund, together with the estimated revenues for the upcoming year, determines the maximum amount available for the appropriation in the following year's budget.

GAAP- Generally Accepted Accounting Principles

Goal- A long-range desirable development attained by time-phased objectives designed to implement a strategy.

Infrastructure- Public domain fixed assets such as roads, bridges, curbs, gutters, streets, sidewalk drainage systems, lighting, and similar immovable assets.

Intergovernmental Revenues- Revenue from other governments, primarily Federal and State grants, but also other local governments.

Internal Service Charges- These account for goods or services provided to other departments or agencies on a cost-reimbursement basis. They are generally referred to as "charge-back" agencies and include funds for medical benefits.

Net Budget- The net budget eliminates double-counting in the budget, such as fund transfers and internal service "charge-backs," and thus represents the true level of programmed spending in the budget.

Objective- The planned attainment of a certain condition or specific accomplishment, which is an integral part or phase of a strategy that contributes to accomplishing a goal. An objective should be stated in terms of results, not processes or activities, and should reflect a reasonable estimate of what is practical.

Operating Equipment Capital- Equipment items typically costing less than \$1,000 or being used to repair or maintain existing operating equipment.

Operating Budget- A comprehensive plan, expressed in financial terms, by which an operating program is funded for a single fiscal year. Strategy- The approach or method for implementing policy.

Statutory Property Tax Revenue Limit- The statutes prohibit the levying of a greater amount of property tax revenue than was levied in the preceding year, plus 5.5%. Exempt from this limit are property tax revenues generated from new construction and that are used for certain expenditures: a) bonds and interest, b) contractual obligations approved at election, and c) one-time capital expenditures approved by the Board of Commissioners at a publicized public meeting.

Supplemental Appropriation- An act by the County Commissioners to transfer budgeted and appropriated moneys from one spending agency to another, whether the agencies are in the same or different fund. Also, if the County receives revenues that were not anticipated or assured at the time of budget adoption, those revenues can be used in the current fiscal year only after being approved for use via supplemental appropriation.

Supplies- The cost of goods acquired for consumption or resale.

Tabor Amendment- An amendment to the Constitution of the State of Colorado that basically limits annual increases in revenues and expenditures and requires voter approval for any tax rate increase or multi-year debt or financial obligation. The increase in spending and revenue is limited to an index based on the regional consumer price index plus a local growth factor determined by the percentage change in the actual value of all real property.

TANF- Temporary Aid to Needy Families program.

Transfers- The movement of monies from one fund to another. The monies are considered a revenue source for receiving funds and a revenue for the originating fund.

User Charges- The amount the government receives for the provision of services and commodities or the performance of specific services benefiting the person charged. Citizens only pay user charges when a specific service is received.

Working Capital- The amount of fund balance required at year-end to meet cash flow needs until tax revenues are received. This generally equates to the largest cumulative cash flow deficit incurred (usually by April) by an operating fund that is heavily property tax dependent.
