Board of County Commissioners Moffat County, Colorado Craig, Colorado

We have audited the financial statements of Moffat County, Colorado (the "County") for the year ended December 31, 2020. Professional standards require that we provide you with the following information related to our audit.

Qualitative Aspects of Accounting Policies

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the County are described in the Notes to the Financial Statements. The County implemented Governmental Accounting Standards Board Statement 84, *Fiduciary Activity*. The statement impacted both the Statement of Fiduciary Net Position and the Statement of Changes in Fiduciary Net Position. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

- Estimated allowance for uncollectible receivables at December 31, 2020, which management has based on industry practice and experience, including actual collections since year-end.
- Estimated useful lives for capital assets subject to depreciation, which management has based on industry practice and experience.
- Estimated asset value of gravel inventory, which management has based on actual costs incurred and overhead allocated to crush gravel per estimated cubic yard of gravel produced.
- Estimated liability for closure and post-closure costs for landfill. This is based on estimated future costs, estimated capacity remaining and estimated monitoring period subsequent to closure.

We have evaluated these estimates and find them reasonable.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

FRISCO: (970) 668-3481

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. The following misstatements, detected as a result of audit procedures, were corrected by management:

- Adjust investments to market value.
- Adjust depreciation expense to agree to supporting detail.
- Adjust capital assets and notes receivable to reflect current year activity.
- Adjust committed fund balances as of year end.
- Adjust Incurred but Not Reported ("IBNR") claims estimate at year end.

Management Representations

As is required in an audit engagement we have requested certain representations from management that are included in the management representation letter.

Recommendations

In planning and performing our audit of the financial statements of the County for the year ended December 31, 2020, we noted the following opportunities for improvement of internal controls and day-to-day operations.

Jail Commissary

Because of the limited number of the Sheriff's administrative staff, adequate segregations of duties are currently not being achieved. The basic premise of internal control system is that no single employee should have access to both physical assets and the related accounting records, or to all phases of a transaction. Currently, the Administrative Assistant processes and cuts checks out of the jail commissary account and also reconciles the bank statement. We recommend that someone review the monthly bank statement and canceled checks. Indication of approval should be apparent with either a signature or initials.

Governmental Accounting Standards Board Statement 87

Financial reporting standards for the County are promulgated by the Governmental Accounting Standards Board ("GASB"). GASB has issued Statement 87, Leases ("GASB 87"), which requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. GASB 87 is effective for reporting periods beginning after June 15, 2021 so the County's financial statements as of and for the year ending December 31, 2022 must reflect the changes imposed by this new reporting standard. Early implementation of GASB 87 is permitted.

We will work with you to support implementation of this new standard and the related presentation considerations over the coming years.

This report is intended solely for the information and use of the County Commissioners, management, and others within the organization and is not intended to be, and should not be, used by anyone other than those specified parties.

Sincerely,

McMahan and Associates, L.L.C.

INDEPENDENT AUDITOR'S REPORT

**To the Board of County Commissioners
Moffat County**

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Moffat County, Colorado, Colorado (the "County"), as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the Memorial Hospital, one of the discretely presented component unit of Moffat County. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for Memorial Hospital, is based on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for Moffat County, is based on the report of the other auditors.

An audit includes performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

AVON: (970) 845-8800
ASPEN: (970) 544-3996
FRISCO: (970) 668-3481

Auditor's Responsibility (continued)

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Moffat County, Colorado, Colorado as of December 31, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

The County adopted Governmental Accounting Standards Board Statement No. 84, *Fiduciary Activities*. As a result of the implementation, the County reported a restatement of beginning Fiduciary Net Position for the change in accounting policies, as detailed in note VI. Our opinion is not modified with respect to this matter.

Other Matters

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis in Section B be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The budgetary comparison information in section E is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. The budgetary comparison information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Matters (continued)

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's financial statements taken as a whole. The combining fund financial statements, individual fund budgetary information and the Local Highway Finance Report listed in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the County's financial statements. The combining fund financial statements, the individual fund budgetary information and the Local Highway Finance Report are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Additionally, the Schedule of Expenditures of Federal Awards included in the Single Audit section is presented for the purpose of additional analysis, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"), and are not a required part of the County's financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 19, 2021, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

MANAGEMENT DISCUSSION AND ANALYSIS

Moffat County, Colorado

Management's Discussion and Analysis

December 31, 2020

As management of Moffat County, Colorado (the "County"), we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended December 31, 2020.

Financial Highlights

- The assets of Moffat County exceeded its liabilities at the close of the most recent fiscal year by \$87,706,746 (net position). Of this amount, \$36,502,329 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The government's total net position increased by \$3,432,028. The increase is due from conservative spending in multiple funds. The largest increases in net position occurred in General Fund generating \$2,089,662 and the Health and Welfare Fund generating \$1,246,341 in increased net position. Other County funds had a decrease in net position; utilizing reserved fund balances to offset expenditures.
- As of the close of the current fiscal year, Moffat County governmental funds reported combined ending fund balances of \$38,500,411, a decrease of \$1,218,970. Approximately \$32,365,298 of governmental fund balances is available for spending at the government's discretion (committed, assigned, and unassigned).
- At the end of the current year, the fund balance for the General Fund was \$16,522,227 or 133% of total general fund expenditures and transfers out.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements are comprised of three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also provides other supplementary information in addition to the financial statements themselves.

General Purpose Financial Statements: The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the County's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities). The governmental activities of the County include general government, public safety, public works, health and human services, and community development.

The government-wide fund financial statements can be found on pages C1 and C2 of this report.

Overview of the Financial Statements (continued)

Fund Financial Statements: A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into two categories: 1) governmental funds; and 2) fiduciary funds.

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. The County's major governmental funds include the General Fund, Road and Bridge Fund, Human Services Fund, Jail Fund and Lease Purchase Payment Fund. The County also reports a number of non-major governmental funds. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. The Balance Sheet and the Statement of Revenues, Expenditures and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Administration of general County operations is accomplished through various departments within the General Fund. At the end of 2020, the fund balance was \$16,522,227; an increase of \$2,089,662 from 2019. The General Fund budgeted a decrease of \$1,069,977 in 2020 to utilize the fund balance towards budgetary needs while maintaining a sufficient cash reserve. Unexpected revenues, such as the sales tax increase of \$607,464 along with conservative spending in many areas resulted in the positive increase for 2020. The following is a list of the General Fund departments by function.

Statutory Functions:

- The Commissioners' Office coordinates County operations, financial reporting and accounting, and budget preparation.
- The Assessor's Office appraises and assesses taxes for all property within the County.
- The Clerk & Recorder's Office operates motor vehicle, recordings and runs all elections.
- The County Surveyor conducts surveys for the County.
- The Treasurer's Office collects taxes, fees and handles all County banking needs and serves as Public Trustee in processing deeds of trust.

Administration:

- The County Attorney's office provides legal counsel to the Board of County Commissioners, elected County officials and the County departments and boards.
- The Communications Department advises the Commissioners and informs the electorate of specific issues facing the County.
- The Finance Department is responsible to prepare the County Budget, write and administrate grants, assist department heads and elected officials with finance duties, coordinate the annual audit, oversee fixed asset accounting, collecting and preparing accounts payable and balancing the general ledger, preparation of payroll, and administers and processes all insurance billings.
- The principle functions of the Human Resources Department are to improve the recruitment and retention of qualified employees and to minimize risk through compliance with all local, state and national laws and regulations.
- The Information Technology Department provides implementation and maintenance to network services for the County.

Public Safety:

- The District Attorney's Office provides judicial services jointly with other counties within the district.
- The Sheriff's Department, County Jail, Coroner's Office, Emergency 911 Communication Center, Fire Control and the Emergency Management Office provide public safety.

Overview of the Financial Statements (continued)

Governmental Funds (continued):

General Fund (continued):

Public Works:

- Moffat County maintains the Craig cemetery grounds.
- The Facilities Department is responsible for the repair and upkeep of the Courthouse, CSU Annex, Museum, Public Safety Center, Loudy Simpson Park and Sherman Youth Camp, Housing Authority, Human Services, Maybell Community Center, Hamilton Community Center, and the Craig, Maybell, and Dinosaur Libraries.
- The Fairgrounds provides gathering facilities for livestock work and many other community and family events.
- The Pest Management Department implements the State and County Undesirable Plant Management Plan including recommendations, physical assistance and herbicide applications, handles mosquito abatement through a comprehensive integrated management plan, and treats Mormon crickets and grasshopper infestations for members of the Pest District on a complaint basis.

Health and Human Services:

- The Maybell Ambulance Service serves approximately 2,700 square miles of unincorporated Moffat County, which includes the towns of Lay, Maybell, Greystone and the Brown's Park area. The County assists with purchases and maintains the ambulances and building for the agency. The agencies provide supplies and general operating costs for their ambulance agency.
- The Maybell Volunteer Fire Department provides emergency services within the Maybell area.
- Moffat County employs a part-time Veteran's Officer to assist residents who served honorably in the United States Armed Services or Merchant Marines and their surviving spouses and dependents.
- The Youth Services Department monitors a continuum of care for youth in crisis in the Juvenile Justice System.

Community Development:

- The Development Services Department provides and monitors procurement for improvements and capital projects within the County, planning information and direction to the general public and developers regarding zoning, subdividing and land use issues and the building inspection of building activities in the County.
- The Natural Resources Department researches and implements solutions to issues affecting Moffat County's natural resources.
- Moffat County provides for the Hamilton Community Center and Maybell Community Center, Senior Bus, Park, and Women's Club as well as contributions to many non-profit organizations in Moffat County.
- The Moffat County Extension Office and County Fair consist of a partnership of CSU, Moffat County and the USDA to promote the informal, non-credit educational system that links education and research with the needs of Moffat County citizens.

Special Revenue Funds: The County's special revenue funds account for specific revenues that are legally restricted to expenditure for a particular purpose. The County's special revenue funds include the Road and Bridge Fund, Human Services Fund, Public Health Fund, Jail Fund, Landfill Fund, Library Fund, Senior Citizens Fund, Airport Fund, Conservation Trust Fund, Emergency 911 Fund, Moffat County Tourism Association Fund, Telecommunications Fund and the Museum Fund.

The special revenue funds contained fund balances of \$18,636,739 at the end of 2020, as compared to \$19,499,759 at the end of 2019, an overall decrease of \$863,020.

Overview of the Financial Statements (continued)

Governmental Funds (continued):

Capital Projects Funds: The County's capital projects funds are used to account for the acquisitions and construction of major capital equipment and facilities other than those financed by proprietary funds and trust funds. The County's capital projects funds include the Capital Projects Fund, the Telecommunications Capital Projects Fund, and the Shadow Mountain Village Local Improvement District. The capital projects funds contained a fund balance of \$5,220,317 at the beginning of 2020 and ended the year with a fund balance of \$2,781,434, a decrease of \$2,438,883. The main reason of the decrease was the purchase of a vacant building for \$2,200,000 to remodel into a new courthouse building.

Debt Service Fund: The County's debt service fund accounts for the resources used to make the lease-purchase payments on the certificates of participation for the Public Safety Center. The debt service fund contained a fund balance of \$566,740 at the beginning of 2020 and ended the year with a fund balance of \$560,011, a decrease of \$6,729.

Fiduciary Funds:

Custodial Funds: The County has assets held as a custodian for other governments and/or other funds. The largest custodial fund is the County Treasurer, which holds \$1,096,024 on behalf of other governments. The County also has a number of other minor custodial funds.

Schedules and Notes to the Financial Statements:

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The Notes to the Financial Statements can be found on pages in Section D of this report.

Schedules:

- The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found in Section E and F of this report.
- The Annual *Statement of Receipts and Expenditures for Roads, Bridges and Streets* is part of the Local Highway Finance Report sent to the State of Colorado (the "State").

Financial Analysis:

The County uses fund accounting to ensure compliance with finance-related legal requirements. The County adopts an annual appropriated budget for its funds. Budgetary comparison statements have been provided to demonstrate compliance.

Government-wide Financial Analysis:

As previously mentioned, the government-wide financial statements are designed to provide readers with a broad overview and long-term analysis of the County's finances, in a manner similar to a private-sector business.

Overview of the Financial Statements (continued):

The following graph depicts the County's 2020 expenditures:

The following graph depicts the County's 2020 revenues:

Fund Financial Analysis:

Below shows the County's total actual fund balances for fiscal years 2011 through 2020.

Governmental fund balances decreased \$1,218,970 during 2020 and all governmental funds had positive fund balances. Many of the funds have a committed operating reserve equal to 16.67% of operating expenditures, excluding capital outlay.

Budget Variances:

The County is required to amend the budgets of various funds for the current fiscal year. General Fund departments received budgetary increase totaling \$510,089 to cover expenditures.

The General Fund had the following significant variances from the final budget:

	Final Budget	Actual Amounts	Variance Positive (Negative)	Reason
Revenues:				
Taxes:				
Sales tax	1,569,456	2,176,920	607,464	Collected higher than expected, conservative budgeting.
Intergovernmental:				
Investment earnings	250,000	114,117	(135,883)	Interest rates decreased more than expected
Expenditures:				
Other administrative services	838,110	563,959	274,151	Conservative budgeting.
Public Safety:				
Sheriff	2,009,193	1,870,865	138,328	Conservative budgeting.
Public Works:				
Grounds and buildings	825,947	740,375	85,572	Budgeted more capital outlay than expended.
Pest and weed control	364,841	288,276	76,565	Conservative budgeting.
Community Development:				
County fair	213,837	99,800	114,037	Reduced usage due to pandemic

Capital Assets and Debt Administration:

Traditionally, the largest portion of any County investments is in its capital assets: land, infrastructure, building, equipment, machinery, and specialized tools are necessary to deliver and/or provide services to the residents of Moffat County.

As of the end of the current fiscal year, the County's long-term liabilities had decreased \$663,621 due largely to payments made on the County's Certificates of Participation.

Next Year's Budget:

The County's General Fund balance at the end of fiscal year 2020 was \$16,522,227. A reserve is necessary to start the year and provide a consistent level of basic services to the residents and visitors of Moffat County from year to year. The County is attempting to maintain a reserve in the General Fund of 30% of operations plus an additional emergency reserve of 10% of operations. At December 31, 2020, the County had a General Fund balance of 133% of the 2020 actual expenditures (including transfers).

In 2021, the County is projected to decrease the General Fund Balance by approximately \$136,557.

Request for Information: This financial report is designed to provide a general overview of the County's finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Moffat County Finance Office, 221 W. Victory Way, Suite 115, Craig, Colorado 81625.

Moffat County, Colorado
Reconciliation of Governmental Fund Balances to the Statement of Net Position
December 31, 2020

Governmental Funds Total Fund Balance	\$ 38,500,411
--	----------------------

Add:

Capital assets, net of depreciation, are used in governmental activities are not considered current financial resources and, therefore, not reported in the governmental funds.	51,497,636
---	------------

Internal service funds are used by the County to charge the costs of the employee's health insurance and administrative services to the individual funds. The assets and liabilities of the internal service fund are included with governmental activities.	2,591,785
--	-----------

Deferred refunding costs are capitalized and amortized over the life of the debt in the Statement of Activities. This is the unamortized amount of deferred refunding costs.	3,816
--	-------

Less:

Bonded debt payable, is not due and payable in the current period and therefore are not reported in the funds. This is the amount of bonded debt payable, net of unamortized premium on issuance.	(2,745,201)
---	-------------

Compensated absences, are not due and payable in the current period and therefore are not reported in the funds. This is the amount of compensated absences payable.	(978,245)
--	-----------

Landfill closure and post-closure costs, are not due and payable in the current period and therefore are not reported in the funds. This is the amount of landfill closure and post-closure payable.	(1,520,499)
--	-------------

Interest payable on debt is not recorded on the fund statements but rather recognized as an expenditure when due. This is the accrued interest on bonded debt that has been incurred but not yet due.	(3,773)
---	---------

Net Change in Fund Balances - Governmental Funds \$ (1,218,970)

Adjustments:

The repayment of debt is a use of current available resources but has no effect on Net Position because although the County has less current available resources, it also has less debt. This is the amount of principal payments on bonded debt during the year. 650,974

Internal service funds are used by management to charge the cost of health insurance and administrative services to individual funds. This is the amount of internal service fund net income during the year. 1,246,067

Long-term liabilities, including compensated absences, are not due and payable in the current period and therefore are not reported in the funds. This is the change in the amount of compensated absences not currently payable. (100,976)

Statement of Activities, the costs of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense exceeded capital outlay, including gain or loss on disposal. 2,890,472

Interest payable on debt is not recorded on the fund statements but rather recognized as an expenditure when due. This is the change in accrued interest and amortization of premium or discount on bonded debt that has been incurred but not yet due. 13,923

Decreases in long-term payables does not impact current financial resources to governmental funds. This transaction does not however, have any effect on Net Position because the County is responsible for future payments of this payable. This is the change in the estimated landfill closure and post-closure costs as a result of updating the closure cost study during the year. (40,511)

Change in Net Position of Governmental Activities \$ 3,440,979

NOTES TO THE FINANCIAL STATEMENTS

Moffat County, Colorado
Notes to the Financial Statements
December 31, 2020

I. Summary of Significant Accounting Policies

Moffat County (the "County") is located in northern Colorado. An elected Board of Commissioners is responsible for setting policy, appointing administrative personnel and the adoption of an annual budget in accordance with state statutes. The County's operations include health and human services, police protection, road maintenance, community development, landfill and general government operations. The County is also responsible for the operation of the County's jail and the Maybell Waste Water Treatment Facility.

The County's financial statements are prepared in accordance with generally accepted accounting principles ("GAAP"). The Governmental Accounting Standards Board ("GASB") is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

A. Reporting Entity

The reporting entity consists of (a) the primary government; i.e., the County, and (b) organizations for which the County is financially accountable. The County is considered financially accountable for legally separate organizations if it is able to appoint a voting majority of an organization's governing body and is either able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the County. Consideration is also given to other organizations which are fiscally dependent; i.e., unable to adopt a budget, levy taxes, or issue debt without approval by the County. Organizations for which the nature and significance of their relationship with the County are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete are also included in the reporting entity.

The accompanying financial statements present the primary government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the County's operations.

The following entities are discretely presented as component units within the reporting entity:

The Memorial Hospital

The Memorial Hospital (the "Hospital") operations are included in these financial statements as a component unit due to the positive responses to the majority of the reporting entity criteria. The Hospital was formed to provide services within the County's boundaries. The Board of Directors is appointed by the County and the County approves the mill levy and approves all debt arrangements. Complete financial statements for the Hospital may be obtained directly from their administrative offices: 750 Hospital Loop, Craig, Colorado, 81625.

Housing Authority of Moffat County, Colorado

The Housing Authority of Moffat County (the "Housing Authority") operations are included in these financial statements as a component unit due to the positive responses to the majority of the reporting entity criteria. The Authority was formed to provide housing within the County boundaries. The Board of Directors is appointed by the County. Complete financial statements for the Housing Authority may be obtained directly from their administrative offices: 595 Ledford Street, Craig, Colorado, 81625.

Moffat County, Colorado
Notes to the Financial Statements
December 31, 2020
(Continued)

I. Summary of Significant Accounting Policies (continued)

A. Reporting Entity (continued)

The following entities are blended in the County's statements as governmental funds:

Moffat County Finance Corporation

The Moffat County Finance Corporation (the "Finance Corporation") operations are included in these financial statements as a component unit due to the positive responses to the reporting entity criteria. The Finance Corporation was formed to issue certificates of participation to finance the construction of the county public safety center. The financial statements of the Finance Corporation are blended in the County's statements as the Lease Purchase Payment Fund.

Shadow Mountain Village Local Improvement District

The Shadow Mountain Village Local Improvement District (the "Shadow Mountain LID") operations are included in these financial statements as a component unit due to the positive responses to the reporting entity criteria. The Shadow Mountain LID was formed to initiate, acquire, construct, maintain, repair and operate certain water resource projects and to finance the cost thereof. The financial statements of the Shadow Mountain LID are blended in the County's statements as the Shadow Mountain LID fund.

Other

The County has entered into various governmental agreements that do not meet the criteria for inclusion in these financial statements as component units or as joint ventures. The County receives funding from local, state, and federal government sources and must comply with all requirements of these funding sources. However, the County is not included in any other governmental reporting entity.

Moffat County, Colorado
Notes to the Financial Statements
December 31, 2020
(Continued)

I. Summary of Significant Accounting Policies (continued)

C. Government-wide and Fund Financial Statements

The County's basic financial statements include both government-wide (reporting the County as a whole) and fund financial statements (reporting the County's major funds). Government-wide financial statements report on information of all of the non-fiduciary activities of the County and its component units. Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The County's public safety, public works, health and human services, community development, and administration are classified as governmental activities. The Maybell Waste Water Treatment Facility is reported as a business-type activity.

The government-wide Statement of Activities reports both the gross and net cost of each of the County's functions and business-type activities. The governmental functions are also supported by general government revenues (sales taxes, property and specific ownership taxes, investment earnings, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the governmental function or business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The government-wide focus is on the sustainability of the County as an entity and the change in the County's net position resulting from the current year's activities.

D. Fund Financial Statements

The financial transactions of the County are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses.

The fund focus is on current available resources and budget compliance.

The County reports the following major governmental fund types and funds:

General Fund – The *General Fund* is the County's primary operating fund. It accounts for all financial resources of the County, except those required to be accounted for in another fund.

Special Revenue Funds - Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The term "proceeds of specific revenue sources" establishes that one or more specific restricted or committed revenues should be the foundation for a special revenue fund. The County reports the following major special revenue funds:

The *Road and Bridge Fund* accounts for the County's share of state revenues that are legally restricted for the maintenance of highways and roads within the County's boundaries and to account for property taxes and other revenues restricted for highway and road purposes.

The *Human Services Fund* administers the County's state and federal revenues that are restricted for the providing of health and human services to the residents of the County.

Moffat County, Colorado
Notes to the Financial Statements
December 31, 2020
(Continued)

I. Summary of Significant Accounting Policies (continued)

D. Fund Financial Statements (continued)

The *Jail Fund* accounts for transactions relating to the operation of the County Jail building. Expenditures are funded by dedicated sales tax revenue.

The **Lease Purchase Payment Fund** accounts for revenue collected for payment of the County's certificates of participation.

Proprietary Funds - Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows.

The *Sewer Fund* accounts for the operations of the Maybell Waste Water Treatment Facility, which operates a sewage treatment plant in an unincorporated area.

Internal service funds account for the health insurance plan provided to County employees and administrative services and maintenance provided to the various County departments.

Fiduciary Funds - These funds include custodial funds which account for monies held on behalf of other governments and agencies that use the County as a depository or for property taxes collected on behalf of the other governments or agencies. Custodial funds are excluded from reporting in the government-wide financial statements. No budgets are adopted for the County's custodial funds.

E. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Measurement focus refers to whether financial statements measure changes in current resources only (current financial focus) or changes in both current and long-term resources (long-term economic focus). Basis of accounting refers to the point at which revenues, expenditures, or expenses are recognized in the accounts and reported in the financial statements. Financial statement presentation refers to classification of revenues by source and expenses by function.

1. Long-term Economic Focus and Accrual Basis

Both the governmental and business-type activities in the government-wide financial statements and the proprietary and fiduciary financial statements use the long-term economic focus and are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred, regardless of the timing of the related cash flows.

Moffat County, Colorado
Notes to the Financial Statements
December 31, 2020
(Continued)

I. Summary of Significant Accounting Policies (continued)

E. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (continued)

2. Current Financial Focus and Modified Accrual Basis

The governmental fund financial statements use the current financial focus and are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or soon enough thereafter (60 days) to be used to pay liabilities of the current period. Expenditures are generally recognized when the related liability is incurred. The exception to this general rule is that principal and interest on general long-term debt and compensated absences are recorded only when payment is due.

3. Financial Statement Presentation

As a general rule, the effect of Interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments where the amounts are reasonable equivalent to the value of the Interfund services provided and other charges between the County's sanitation function and various other functions of the County. Elimination of these charges would distort the direct costs and program revenues reported for the sanitation function.

Amounts reported as program revenues include 1) charges to customers and applicants for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's enterprise fund are charges to customers for services. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

F. Financial Statement Accounts

1. Equity in Pooled Cash and Investments

The County's Treasurer is responsible for central cash management for all funds, as well as other entities falling under their jurisdiction. The County pools deposits and investments of all funds. Each fund's share of the pool is readily identified by the County's internal records.

Moffat County, Colorado
Notes to the Financial Statements
December 31, 2020
(Continued)

I. Summary of Significant Accounting Policies (continued)

F. Financial Statement Accounts (continued)

1. Equity in Pooled Cash and Investments (continued)

Except for departmental petty cash, cash held for third parties, and cash held by separate legal entities which are included in the reporting entity, all cash is deposited with the County Treasurer. The Treasurer invests this cash to achieve the best possible return on the investments. Interest revenue is allocated to funds as designated by the Board of Commissioners.

Cash and cash equivalents include amounts in demand deposits as well as short-term investments with a maturity date within 3 months of the date acquired by the County.

Investments are stated at fair value, net asset value, or amortized cost. The change in fair value of investments is recognized as an increase or decrease to investment assets and investment income.

The County investment policy permits investments in the following type of obligations which corresponds with State statutes:

- U.S. Treasury and Agency Obligations (maximum maturity of 24 months)
- Federal Instrumentality Securities (maximum maturity of 60 months)
- FDIC-insured Certificates of Deposit (maximum maturity of 60 months)
- Repurchase Agreements
- General Obligations and Revenue Obligations
- Local Government Investment Pools
- Money Market Mutual Funds

2. Receivables

Receivables are reported net of an allowance for uncollectible accounts.

3. Property Taxes

Property taxes are assessed in one year as a lien on the property, but not collected by the governmental unit until the subsequent year. In accordance with GAAP, the assessed but uncollected property taxes have been recorded as a receivable and as unavailable revenue on the fund financial statements.

4. Internal Transactions

Interfund services provided and used are accounted for as revenues, expenditures, or expenses. Transactions that constitute reimbursements to a fund for expenditures or expenses initially made from it that are properly applicable to another fund, are recorded as expenditures or expenses in the reimbursing fund and as reductions of expenditures or expenses in the fund that is reimbursed.

Moffat County, Colorado
Notes to the Financial Statements
December 31, 2020
(Continued)

I. Summary of Significant Accounting Policies (continued)

F. Financial Statement Accounts (continued)

5. Inventories

Inventory consists of fuel, gravel, parts and supplies for the County's use and is carried at cost using the average cost method. The costs of governmental fund type inventories are recorded as expenditures when consumed rather than when purchased.

6. Prepaid Expenses

Payments made to vendors for services that will benefit periods beyond December 31, 2020 are recorded as prepaid expenses. The cost of governmental type prepaid expenses are recorded as expenditures when consumed rather than when purchased.

7. Capital Assets

Capital assets, which include land, buildings, improvements, equipment, vehicles and infrastructure assets, are reported in the applicable governmental or business-type activity columns in the government-wide financial statements. Capital assets are defined by the County as assets with an initial cost of \$5,000 or more and an estimated useful life in excess of one year. Such assets are recorded at cost where historical records are available and at an estimated historical cost where no historical record exists. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable. Capital outlay for projects is capitalized as projects are constructed. Interest incurred during the construction phase is capitalized as part of the value of the assets.

Capital assets (excluding land) are depreciated using the straight-line method, over the following estimated lives:

Buildings	15 - 50 years
Building improvements	5 - 50 years
Infrastructure	25 - 75 years
Vehicles	5 - 15 years
Equipment	5 - 20 years

Moffat County, Colorado
Notes to the Financial Statements
December 31, 2020
(Continued)

I. Summary of Significant Accounting Policies (continued)

F. Financial Statement Accounts (continued)

8. Deferred Outflows and Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The government reports deferred and amortized charges over the shorter of the life of the refunded or refunding debt, which are deferred and recognized as outflows of resources in the period that the amounts become available.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The government has three types of items that qualify for reporting in this category. Accordingly, the items, unavailable property tax revenue, unavailable revenue – other and deferred and amortized charges over the shorter of the life of the refunded or refunding debt, are deferred and recognized as inflows of resources in the period that the amounts become available.

9. Compensated Absences

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported in the governmental activities column in the government-wide financial statements. Vested or accumulated vacation leave of the proprietary fund type is recorded as an expense and liability of that fund as the benefits accrue to employees. In accordance with provisions of GASB No.16 *Accounting for Compensated Absences*, no liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

10. Premium and Discount on Bonded Debt

The premium and discount on bonded debt is deferred and amortized over the life of the debt using the amount of principal outstanding methodology. The unamortized premium at December 31, 2020 was \$9,743.

11. Interfund Transactions

Quasi-external transactions are accounted for as revenue, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures or expenses initially made from it that are properly applicable to another fund, are recorded as expenditures or expenses in the reimbursing fund as a reduction of expenditures or expenses in the fund that is reimbursed. All other interfund transactions, except for quasi-external transactions and reimbursements, are reported as transfers.

Moffat County, Colorado
Notes to the Financial Statements
December 31, 2020
(Continued)

I. Summary of Significant Accounting Policies (continued)

G. Significant Accounting Policies

1. Use of Estimates

The preparation of financial statements in conformity with GAAP requires the County's management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amount of revenues and expenditures or expenses during the reporting period. Actual results could differ from those estimates.

2. Proprietary Funds

As required by GASB 62, the County has elected to follow for its proprietary funds, all GASB pronouncements.

3. Credit Risk

Receivables in the County's funds are primarily due from other governments. Management believes that the credit risk related to these receivables is minimal.

4. Restricted and Unrestricted Resources

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

5. Net Position and Categories and Classification of Fund Balance

Governmental accounting standards establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Fund balance classifications, include Non-spendable, Restricted, Committed, Assigned, and Unassigned. These classifications reflect not only the nature of funds, but also provide clarity to the level of restriction placed upon fund balance. Fund Balance can have different levels of restraint, such as external versus internal compliance requirements. Unassigned fund balance is a residual classification within the general fund. The general fund should be the only fund that reports a positive unassigned balance. In all other funds, unassigned is limited to negative residual fund balance. For further details of the various fund balance classifications refer to Note IV (K).

At December 31, 2020, the County reported \$560,011 of net position restricted for debt service payments, and \$871,000 of net position restricted for emergencies.

Moffat County, Colorado
Notes to the Financial Statements
December 31, 2020
(Continued)

II. Reconciliation of Government-wide and Fund Financial Statements

A. Explanation of Certain Differences between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position

The governmental fund Balance Sheet includes a reconciliation between fund balance of the total governmental funds and net position of governmental activities as reported in the government-wide Statement of Net Position. One element of that reconciliation explains that "Capital assets, net of depreciation, are used in governmental activities are not considered current financial resources, and therefore, are not reported in the governmental funds". This \$51,497,636 difference is related to property, plant and equipment of \$101,770,041 less accumulated depreciation of \$50,272,405. More information can be found on page C4.

B. Explanation of Certain Differences between the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances and the Government-wide Statement of Activities

The governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances includes reconciliation between net change in fund balances of governmental funds and changes in net position of governmental activities as reported in the government-wide Statement of Activities. One element of that reconciliation explains "Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense". The details of this \$2,890,472 difference represents capital outlay of \$5,242,014, less depreciation expense of \$2,351,542. More information can be found on page C6.

III. Stewardship, Compliance, and Accountability

A. Budgetary Information

As required by Colorado Statutes, all funds have legally adoptable budgets and appropriations. The total expenditures for each fund may not exceed the amount appropriated. Appropriations for a fund may be increased if unanticipated revenues offset them. All appropriations lapse at year-end.

Budgets are prepared on the basis of GAAP for all funds except for the Sewer Fund, Health Insurance Trust Fund and the Central Duplicating/IT Fund.

The budgets for these funds have been adopted on a non-GAAP basis and are reconciled to GAAP on pages F15, F19 and F20.

As required by Colorado Statutes, the County followed the required timetable noted below in preparing, approving, and enacting its budget for 2020.

1. For the 2020 budget year, prior to August 25, 2019, the County Assessor sent to the County a certified assessed valuation of all taxable property within the County's boundaries. The County Assessor may change the assessed valuation on or before December 10, 2019 only once by a single notification.
2. On or before October 15, 2019, the County Administrator submitted to the County Commissioners a recommended budget which detailed the necessary property taxes needed along with other available revenues to meet the County's operating requirements.

Moffat County, Colorado
Notes to the Financial Statements
December 31, 2020
(Continued)

III. Stewardship, Compliance, and Accountability (continued)

A. Budgetary Information (continued)

3. Prior to December 15, 2019, the County computed and certified to the County Commissioners a rate of levy that derived the necessary property taxes as computed in the proposed budget.
4. After a required publication of "Notice of Proposed Budget" and a public hearing, the County adopted the proposed budget and an appropriating resolution, which legally appropriated expenditures for the upcoming year.
5. After adoption of the budget resolution, the County may make the following changes: a) it may transfer appropriated money between funds; b) approve supplemental appropriations to the extent of revenues in excess of estimated revenues in the budget; c) approve emergency appropriations; and d) reduce appropriations for which originally estimated revenues are insufficient.

Taxes levied in one year are collected in the succeeding year. Thus, taxes certified in 2019 were collected in 2020 and taxes certified in 2020 will be collected in 2021. Taxes are due on January 1st in the year of collection; however, they may be paid in either one installment (no later than April 30th) or two equal installments (not later than February 28th and June 15th) without interest or penalty. Taxes that are not paid within the prescribed time bear interest at the rate of one percent (1%) per month until paid. Unpaid amounts and the accrued interest thereon become delinquent on June 16th.

During the year, supplemental appropriations were necessary. The budgetary comparison statements reflect the original budget and the final budget after legally authorized revisions were made.

B. TABOR Amendment

In November 1992, Colorado voters amended Article X of the Colorado Constitution by adding Section 20, commonly known as the Taxpayer's Bill of Rights ("TABOR"). TABOR contains revenue, spending, tax and debt limitations that apply to the State of Colorado and local governments. TABOR requires, with certain exceptions, advance voter approval for any new tax, tax rate increase, mill levy above that for the prior year, extension of any expiring tax, or tax policy change directly causing a net tax revenue gain to any local government.

Except for refinancing bonded debt at a lower interest rate or adding new employees to existing pension plans, TABOR requires advance voter approval for the creation of any multiple-fiscal year debt or other obligation unless adequate present cash reserves are pledged irrevocably and held for payments in all future fiscal years.

TABOR also requires local governments to establish emergency reserves to be used for declared emergencies only. Emergencies, as defined by TABOR, exclude economic conditions, revenue shortfalls, or salary or fringe benefit increases. These reserves are required to be 3% or more of fiscal year spending for fiscal years ending after December 31, 1995. Fiscal year spending excludes bonded debt service and enterprise spending. The County has restricted a portion of the December 31, 2020 year-end fund balance in the General Fund for this purpose in the amount of \$871,000, which is the approximate required reserve.

Moffat County, Colorado
Notes to the Financial Statements
December 31, 2020
(Continued)

III. Stewardship, Compliance, and Accountability (continued)

B. TABOR Amendment (continued)

On November 5, 1996, the County's electorate approved the following ballot question:

"Shall Moffat County, Colorado be authorized and permitted to collect, retain and expend all revenues and other funds collected during 1995 and each subsequent year from any source; notwithstanding the limitations of Article X, Section 20 of the Colorado Constitution, effective January 1, 1995, provided, however, that no sales tax, use tax or property tax mill levy shall increase at any time nor shall any new tax be imposed without the prior approval of the voters of Moffat County?"

In November 2016, the County's electorate approved the following ballot question:

"Without increasing the current property tax rate, shall Moffat County, Colorado, be permitted to collect, retain and spend the full amount of property tax revenues it receives in 2017 and in subsequent years notwithstanding and limitations on revenue contained in section 29-1-301, Colorado Revised Statutes?"

The County's management believes it is in compliance with the financial provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of its provisions, including the interpretation of how to calculate fiscal year spending limits, will require judicial interpretation.

IV. Detailed Notes on All Funds

A. Deposits and Investments

The County's deposits are entirely covered by federal depository insurance ("FDIC") or by collateral held under Colorado's Public Deposit Protection Act ("PDPA"). Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. The PDPA allows the institution to create a single collateral pool for all public funds. The collateral pool is to be maintained by another institution or held in trust for all the uninsured public as a group. The market value of the collateral must equal or exceed 102% of the uninsured deposits. At December 31, 2020, the carrying value of the County's deposits was \$42,724,326. The bank balances of these accounts were \$42,897,237.

Fair Value of Investments

The County measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- *Level 1:* Quoted prices for identical investments in active markets;
- *Level 2:* Observable inputs other than quoted market prices; and,
- *Level 3:* Unobservable inputs.

Moffat County, Colorado
Notes to the Financial Statements
December 31, 2020
(Continued)

IV. Detailed Notes on All Funds (continued)

A. Deposits and Investments (continued)

At December 31, 2020, the County had the following recurring fair value measurements:

Investments Measured at Fair Value		Fair Value Measurements Using		
		Level 1	Level 2	Level 3
Repurchase Agreements	30,555,856	-	30,555,856	-
Certificates of Deposit	448,000	-	448,000	-
Investments Measured at Net Asset Value				
Colotrust	6,220,830			
Investments Measured at Amortized Cost				
C-Safe	1,973,078			

At December 31, 2020, the Housing Authority, a discretely presented component unit, had the following recurring fair value measurements:

Investments Measured at Fair Value		Fair Value Measurements Using		
		Level 1	Level 2	Level 3
Certificate of Deposit	24,023	-	24,023	-

Debt and equity securities classified in Level 1 are valued using prices quoted in active markets for those securities. Debt and equity securities classified in Level 2 are valued using the following:

- U.S. Treasuries and U.S. Agencies: quoted prices for identical securities in markets that are not active.
- Repurchase Agreements and Negotiable Certificates of Deposit: matrix pricing based on the securities' relationship to benchmark quoted prices;

The Investment Pool represents investments in COLOTRUST and C-SAFE. The fair value of the pool is determined by the pool's share price. The County has no regulatory oversight for the pool. At December 31, 2020, the County's investments in COLOTRUST were 16% of the County's investment portfolio. Investments in C-SAFE were 5% of the investment portfolio.

Interest Rate Risk. As a means of limiting its exposure to interest rate risk, the County diversifies its investments by security type and institution, and limits holdings in any one type of investment with any one issuer and type of issuer. The County coordinates its investment maturities to closely match cash flow needs and restricts the maximum investment term to less than five years (less in some cases) from the purchase date. As a result of the limited length of maturities the County has limited its interest rate risk.

Credit Risk. County investment policy limits investments to those authorized by State statutes as listed in Note I.F.1. The County's general investment policy is to apply the prudent-person rule: investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital, and, in general, avoid speculative investments.

Concentration of Credit Risk. The County diversifies its investments by security type and institution. Financial institutions holding County funds must provide the County a copy of the certificate from the Banking Authority that states that the institution is an eligible public depository.

Moffat County, Colorado
Notes to the Financial Statements
December 31, 2020
(Continued)

IV. Detailed Notes on All Funds (continued)

A. Deposits and Investments (continued)

The County has a standard "Master Repurchase Agreement" that requires that the securities underlying the repurchase agreement have market values equal to or exceeding the aggregate "Buyers Margin Amount". Percentages for calculating the "Buyers Margin Amount" are 100% for cash, 103% for FNMA mortgage backed securities.

Unrealized loss was \$0 at year end, which reflects the changes in fair market value of the investments. The County held deposits and investments with the following maturities:

Type:	Rating	Carrying Amount	Maturities	
			Less Than One Year	One to Five Years
Deposits:				
Petty Cash	Not Rated	\$ 11,929	\$ 11,929	\$ -
Checking Accounts	Not Rated	2,724,485	2,724,485	-

IV. Detailed Notes on All Funds (continued)

A. Deposits and Investments (continued)

The bank balance value of deposits for the Hospital, a discretely presented component unit, was \$20,799,532. At December 31, 2020 all of the Hospital's bank balances were either insured by FDIC or collateralized by securities held by the pledging financial institution's trust department in the Hospital's name.

At December 31, 2020, the Hospital, held the following cash and investments:

Cash and cash equivalents	\$ 20,799,532
Total	<u>\$ 20,799,532</u>

B. Receivables

Receivables as of year-end for the County's governmental funds, including applicable allowances for uncollectible accounts, are as follows:

	General Fund	Road and Bridge Fund	Human Services Fund	Jail Fund	Non-major Funds & ISF Funds	Total Governmental Funds
Receivables:						
Accounts	\$ 754,690	\$ 35,381	\$ -	\$ 265,619	\$ 216,684	\$ 1,272,374
Taxes	8,347,010	-	482,212	-	172,219	9,001,441
Intergovernmental	-	-	58,126	-	32,837	90,963
Gross receivables	<u>9,101,700</u>	<u>35,381</u>	<u>540,338</u>	<u>265,619</u>	<u>421,740</u>	<u>10,364,778</u>
Less: allowance for uncollectible	-	-	-	-	-	-
Net Receivables	<u><u>\$ 9,101,700</u></u>	<u><u>\$ 35,381</u></u>	<u><u>\$ 540,338</u></u>	<u><u>\$ 265,619</u></u>	<u><u>\$ 421,740</u></u>	<u><u>\$ 10,364,778</u></u>

Governmental funds report *unearned revenue* in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. The \$9,001,441 of unearned revenue is property taxes levied in 2020 but not available until 2021. Additionally, grants and fees totaling \$1,407 were collected in 2020, but will not be available for use until 2021.

E. Operating Leases

The County is committed to leases for office equipment. These leases are considered, for accounting purposes, to be operating leases, and therefore, the liability and the related assets have not been recorded on these financial statements.

F. Interfund Transfers

Transfers for 2020 were as follows:

	Transfer In	Transfer out	Amount
Airport	General	\$ 58,072	
Library	General	345,857	
Senior Citizens	General	147,855	
Lease Purchase	Jail	726,431	
Jail	General	1,714,321	
Total		<u><u>\$ 2,992,536</u></u>	

All transfers were made to supplement funds available for operations or to make debt service payments.

Moffat County, Colorado
Notes to the Financial Statements
December 31, 2020
(Continued)

IV. Detailed Notes on All Funds (continued)

G. Interfund Receivables and Payables

Internal balances at December 31, 2020 were comprised of the following:

<u>Due (to) from:</u>	<u>Receivable</u>	<u>Payable</u>
General Fund	\$ (779)	\$ -
Special Revenue Funds:		
Non-Major Funds	71,239	(70,460)
	<u>\$ 70,460</u>	<u>\$ (70,460)</u>

These balances resulted from the time lag between the dates that (1) interfund goods and services were provided or reimbursable expenditures occurred, (2) transactions were recorded in the accounting system, and (3) payments between funds were made.

H. Long-term Liabilities – Governmental Activities

1. Refunding Certificates of Participation, Series 2014

In 2014 the County issued \$1,265,000 of refunding Certificates of Participation, Series 2014 in \$5,000 denominations, carrying an interest rate of 3.75%, maturing June 1, 2025. The net proceeds of \$1,196,289 and a payment from debt service reserves and county funds of \$230,488 (totaling \$1,426,778) were placed in a trust with an escrow agent to provide for future debt service payments on the refunded \$1,340,000 of 2001 Certificates of Participation. All certificates are insured by Ambac.

2. Refunding Certificates of Participation, Series 2015

In 2015 the County issued \$4,430,000 of refunding Certificates of Participation, Series 2015 in \$5,000 denominations, carrying an interest rate of 2.00% to 3.00%, maturing June 1, 2023. The net proceeds and original issue premium of \$4,710,376 were placed in a trust with an escrow agent to provide for future debt service payments on the refunded \$4,655,000 of 2006 Certificates of Participation.

3. Special Assessment Loan with Governmental Commitment

In 2015, the County received loan proceeds of \$430,704 through the Water Pollution Control Revolving Fund, carrying an interest rate of 1%. Principal and interest payments are due on November 1 and May 1, beginning on November 1, 2015 and ending on May 1, 2035. The proceeds will be used for the replacement of sewer mains, collection lines, and services lines in the Shadow Mountain Villages. This loan will be repaid from amounts levied against the property owners benefited by this construction. In the event that a deficiency exists because of unpaid or delinquent special assessments at the time a debt service payment is due, the government must provide the resources to cover the deficiency until other resources are received.

Moffat County, Colorado
Notes to the Financial Statements
December 31, 2020
(Continued)

IV. Detailed Notes on All Funds (continued)

H. Long-term Liabilities – Governmental Activities (continued)

4. Defeasance of Debt

As noted above, proceeds of the 2014 and 2015 refunding bond issuances were used to purchase U.S. government securities to retire previous bond issues. Sufficient U.S. government, state and local governmental securities were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of the refunded debt. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the County's financial records. The amount of the County's defeased debt is not readily determinable.

5. Compensated Absences

The County has a policy allowing the accumulation of paid vacation and sick leave, subject to certain maximum limits. In accordance with GAAP, the County's approximate liability for vacation pay earned by employees at December 31, 2020 has been reflected in the governmental activities column of the government-wide financial statements.

6. Landfill Closure Costs – Contingent Liability

State and federal laws and regulations require that the County place a final cover on its landfill when closed and perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. In addition to operating expenses relating to current activities of the landfill, a liability provision is being recognized based on the future closure and post closure care. Closure and post closure care costs are being recognized based on the amount of the landfill used during the year. The County is appropriating amounts from the Landfill Operations Fund to meet landfill closure costs. The estimated liability is calculated as follows:

Landfill	Total Costs	Used	Liability
Regional - Closure	\$ 1,739,896	64.33%	\$ 1,119,274
Regional - Post closure	483,099	64.33%	310,777
Closed - Post closure	301,496	30.00%	90,447
Total	\$ 2,524,491		\$ 1,520,497

The County has stopped accepting waste and has substantially completed closure of one landfill (noted as closed above) in 1997. The post closure costs relating to the closed landfill are anticipated to be paid out over thirty years from the date closed. The regional landfill, which is now accepting waste, is estimated to be filled to 62.35% of capacity as of year-end. It is estimated that another \$792,944 will be recognized between the balance sheet date and the date the landfill is expected to reach capacity in 2041. The actual costs of closure and post closure care may be higher due to inflation, changes in technology, or changes in landfill laws and regulations.

IV. Detailed Notes on All Funds (continued)

J. Fund Balance Disclosure

The County classifies governmental fund balances as follows:

Non-spendable - includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual requirements.

Spendable Fund Balance:

Restricted – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.

Committed – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority which is the Board of County Commissioners. The County's original budget legislation begins with combining historical data, assessment of needs for the upcoming year and the Board's platform to review, and/or make changes to each department's budget. Before year end, a budgetary committee will meet again with each department for final review and approval of preliminary budget. The Budget is then formally presented to the Board via an advertised public process for their review, revisions and final approval by year end. All subsequent budget requests made during the year, after Board approval, must be presented via a public process and again approval by the Board.

Assigned – includes spendable fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund Balance may be assigned by the Board or its management designee.

Unassigned - includes residual positive fund balance within the General Fund which has not been classified within the other above-mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

The County uses restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the County would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The County does not have a formal minimum fund balance policy. However, the County's budget includes a calculation of a targeted reserve positions and the Administration calculates targets and report them annually to the Board.

J. Fund Balance Disclosure (continued)

At December 31, 2020, the County had restricted fund balances for the following purposes:

<u>Restricted For:</u>	<u>Balance</u>
<i>General Fund</i>	
TABOR reserve	\$ 871,000
Electronic recording	169,384
Information security	76,895
Natural resources	14,632
<i>Human Services</i>	1,219,763
<i>Lease Purchase</i>	560,011
<i>Non-major funds:</i>	
Landfill post-closure	250,000
Conservation trust recreation projects	130,864
E-911	379,155
Tourism promotion	142,664
Telecommunications	276,156
Shadow Mountain capital projects	167,371
Public Health	332,509
	<u>\$ 4,590,404</u>

At December 31, 2020, the County had committed fund balances for the following purposes:

<u>Committed For:</u>	<u>Balance</u>
<i>General Fund:</i>	
30% operating reserve	\$ 3,052,492
Capital projects	116,563
Browns Park School	6,686
<i>Road and Bridge</i>	
30% operating reserve	2,381,632
Capital projects	1,534,122
<i>Jail - 30% operating reserve</i>	657,949
<i>Non-major funds:</i>	
Landfill - 30% operating reserve	214,451
Landfill - capital projects	304,217
Library - Memorial	51,972
Library - 30% operating reserve	91,046
Senior Citizens - 30% operating reserve	63,443
Airport 30% operating reserve	35,593

V. Other Information

A. Pension Plans

1. Deferred Compensation Plan (457)

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Plan is administered by Valic. The plan, available to all employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are to be held in trust for the exclusive benefit of the plan participants and their beneficiaries.

Plan investment purchases are determined by the plan participant and therefore, the plan's investment concentration varies between participants.

2. Money Savings Plan

The County also offers its employees a money savings plan. The plan requires all employees to contribute a minimum of 6% of their salary. Additional contributions in excess of 6% are not allowed. The County contributes an additional 6% of the employee's salary. Vesting in the plan occurs at a rate of 25% per annum, with 100% vesting after four years. Taxes on the employee contribution, the County's match, and any investment earnings are deferred until distribution. The County paid \$480,041, net of 2020 forfeitures totaling \$16,377 on behalf of employees for the year ended December 31, 2020. The County had no outstanding liabilities at December 31, 2020. The plan is administered by Valic and investment decisions are determined by the employees.

B. County's Employee's Health Insurance Trust Fund

The County established a fund to account for the monies accumulated to offset the costs of a health and dental plan for County employees. The resources accumulated in this fund can only be used to offset the cost of the County employees' health and dental insurance program. The County accounts for the fund as an internal service fund. The County carried commercial reinsurance to pay for any individual claims greater than \$85,000 and total claims greater than \$3,357,417.

Liabilities for retained risk claims are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported ("IBNR").

The following is a summary of the changes in the balances of claims liabilities during 2020:

	2020
Claims liability, beginning of year	\$ 61,145
Claims incurred	1,577,592
Claims paid	(1,350,088)
Claims liability, end of year	<u>\$ 288,649</u>

Moffat County, Colorado
Notes to the Financial Statements
December 31, 2020
(Continued)

V. Other Information (continued)

C. Commitments and Contingencies

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

During the normal course of business, the County incurs claims and other assertions against it from various agencies and individuals. Management of the County and their legal representatives feel none of these claims or assertions are significant enough that they would materially affect the fairness of the presentation of the financial statements at December 31, 2020.

In 1994 the County issued \$42,855,000 of Pollution Control Revenue Refunding Bonds PACIFIC CORP Project Series 1995 of Moffat County. During 2009, the County issued \$46,800,000 of Pollution Control Refunding Revenue Bonds for the purpose of refunding the 1994 revenue bonds. The bonds were authorized by the State of Colorado to promote industry and develop trade or other economic activity within the State of Colorado. The bonds are not a debt of the County. The bonds will be payable and secured only by the revenues arising from the pledge and assignment under the indentures of the amounts due under the loan agreement.

D. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; workers compensation; and natural disasters. The County carries commercial insurance to provide coverage for the risks noted. Losses are not expected to exceed the commercial limits.

E. Federal Seizure Funds

Funds received by the County Sheriff from seizures are accounted for in the General Fund. These funds are to be used only for the specific purpose of law enforcement activities.

F. Significant Taxpayers

Fifty four percent (54%) of all County property taxes were paid by ten taxpayers. The following are the top ten taxpayers in the County:

Name	Assessed Value	Tax Dollars
TRI-STATE GENERATION & TRANSMISSION ASSC.	\$ 113,795,700	\$ 7,339,763
PACIFICORP-ELECTRIC	26,580,900	1,716,062
PUBLIC SERVICE (XCEL)	27,827,806	1,653,253
COLOWYO/AXIAL BASIN COMPANY, LP	21,694,100	1,394,582
TRAPPER MINING, INC	15,134,500	896,522
WEXPRO COMPANY	14,853,300	879,954
ROCKIES EXPRESS PIPELINE	13,371,413	863,201

V. Other Information (continued)

G. Expenditures in Excess of Budget

The following fund had actual expenditures in excess of budgeted expenditures, which may be a violation of Colorado budget law.

<u>Fund</u>	<u>Budget</u>	<u>Actual</u>	<u>Over Budget</u>
Telecommunications	\$ 26,720	\$ 31,819	\$ 5,099

VI. Restatement of Fiduciary Net Position

The County implemented Government Accounting Standards Board Statement No. 84, *Fiduciary Activity* during 2020. The statement defines the types of Fiduciary Funds and replaces Agency Funds with Custodial Funds. The statement also requires all Fiduciary Funds to report a Net Position and Statement of Changes in Net Position. This statement was implemented retroactively, resulting in a prior period restatement of Fiduciary Net Position of \$851,452.

VII. Subsequent Events

A. Master Equipment Lease Purchase Agreement

On April 8, 2021, the County entered into a lease purchase agreement with Signature Public Funding Corporation in the amount of \$314,864 for a ground mounted Solar PV system. Payments are due annually on April 8 from 2021 to 2033 and bearing interest at a rate of 2.245%.

B. Lease Purchase Agreement

On May 27, 2021, the County entered into a lease purchase agreement with BOKF, N.A. to finance the remodeling of the new courthouse building in the amount of \$21,635,000. Payments are due semiannually on March 1 and September 1 beginning March 1, 2022 through March 1, 2051 and bearing a variable interest rate ranging from 2.125% to 5.0%.

Management has evaluated subsequent events through July 19, 2021, the date these financial statements were available to be issued.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENTAL AUDITING STANDARDS

Independent Auditor's Report

**To the Board of County Commissioners
Moffat County, Colorado**

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Moffat County, Colorado (the "County") as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated July 19, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit on the financial statements, we considered the County's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY UNIFORM GUIDANCE

Independent Auditor's Report

**To the Board of County Commissioners
Moffat County, Colorado**

Report on Compliance for Each Major Program

We have audited the Moffat County, Colorado's (the "County") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2020. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"), and the Audit Guide. Those standards and Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the County's compliance with those requirements.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2020.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit, we considered the County's internal control over compliance with types of requirements that could have a direct and material effect on each major federal program to determine our auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report in internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Notes to the Schedule of Expenditures of Federal Awards For the Year Ended December 31, 2020

Note 1. Basis of Presentation:

The Schedule of Expenditures of Federal Awards includes the federal grant activity of Moffat County and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"). Therefore, some amounts presented in this schedule or used in this schedule may differ from amounts presented in or used in the preparation of the general purpose financial statements.

Note 2. Determining the Value of Non-cash Awards Expended:

Food assistance: Fair market value of food assistance at the time of receipt, or the assessed value provided by the federal agency.
Commodities: Fair market value of commodities at the time of receipt, or the assessed value provided by the federal agency.

Note 3. Indirect Facilities and Administration costs

The county does not use the 10% de minimis cost rate allowed in Title 2 U.S. Code of Federal Regulations (CFR) part 200.414, Indirect (F & A) costs. Instead, the County prepares an annual cost allocation plan to allocate indirect costs.

Note 4. Sub-recipients:

The County had no sub recipients as of December 31, 2020.

Note 5. Loans Outstanding

The County participates in the HUD Insured Loan Program loan program. The balance of the loans at December 31, 2020 is as follows:
Section 221 Insured Loan Program \$ 860,812
