**Agenda Items – Topic:**

1. Mitigation Plan (see attached)

Commissioner Beck gave the background on the decision making process for the mitigation plan. Kari clarified that the mitigation plan had been approved by the CDPHE. If our spread rate does not reduce by 50% by December 28, the state will require us to go into the Red level. Beck had requested more time on that date; we have not heard back yet.

2. Public Health Order (see attached)

Rebecca Tyree, came before the BOCC to talk about the legalities of Public Health Orders in the State of Colorado and what is involved. Mike Cochran spoke about the possible civil and criminal penalties under the Public Health Order. Commissioners Broom and Cook both spoke about their personal experiences with COVID.

Kari spoke about the “5-Star Program”. At this time, Moffat County does not qualify for this program, due to our disease metrics. If we could get below the 15% level, we could look at joining the program.

3. Vaccine Discussion

There were several questions about the parameters of the vaccine, which Dr. Reishus was able to answer.

4. Grant Program

Commissioner Beck gave an overview and an update of the CARES Act monies distribution. He thanked City & County staff for their efforts in servicing all the grants. Peter Brixius did the same from the aspect of the City.
