Public Comment/General Discussion:

Karen Stillion, with CASA (Court Appointed Special Advocates for children) came up to remind the BCC about the upcoming CASA/Legislative dinner that is being held on July 26 at a board member's house. Of the three regions in the 14th Judicial District, Moffat County has the most clients in this program.

Allison Anthony gave an update to the BCC regarding new voter information from across the country.

Staff Reports:

Human Resources Department – Rachel Bower

- Discuss Employment Offer for Veteran Services' Officer position (see attached)

Bower presented a request to the BCC to add an additional part time (20 hours per week) VSO position. This proposed position has been reviewed by the State and is approved to be reimbursed up to 40 hours. Adding a second VSO position will help improve accessibility for our veterans, ensure consistent coverage, and overall help us to better serve the veterans that have served us.

Two interviews for the original position were held on June 30th and July 1st. The second position will be posted internally for an additional week to allow existing employees an opportunity to apply. Bower requested BCC approval to extend an employment offer to fill the current VSO vacancy. And, possibly, after the passing of the internal posting, the added position. Bohrer commented that he would prefer to wait until the July 22 meeting to approve any job offers.

Bohrer moved to approve the addition of a (part time) second VSO position. Broom seconded the motion. Motion carried 3-0.

8:45 am - Public Hearing:

Villard read the Public Hearing protocol and declared the Public Hearing open.

Planning & Zoning – Candace Miller

- Hampton Conditional Use application C-25-05 (see attached)

Miller presented the Conditional Use application for Stephen Hampton for a home-based business. The applicant was able to answer all the requirements for the business and all adjacent property owners were notified by mail; there was no response from any of the neighbors. The Planning & Zoning Commission reviewed this application at their meeting last week and approved it with no stipulations.

There was no public comment.

In regular session, Broom moved to approve the Hampton Conditional Use application C-25-05. Bohrer seconded the motion. Motion carried 3-0.

- Segura Conditional Use application C-25-07 (see attached)

Back in Public Hearing, Miller presented a Conditional Use application for Thomas and Amy Segura for an additional dwelling for in-laws. This dwelling will share the same address and use the existing property access. The applicant is working with the building inspector on building permits, septic, etc. The Planning & Zoning Commission reviewed this application at their meeting last week and approved it with no conditions.

There was no public comment.

Back in regular session, Broom moved to approve the Segura Conditional Use application C-25-07. Bohrer seconded the motion. Motion carried 3-0.

Elected Official:

Assessor's Office – Larona McPherson

- Yearly Assessor's report (see attached)

As required by state statute, the Assessor must report to the County Board of Equalization no later than July 15th of each year.

McPherson reviewed the following:

- State Abstract and how much more complicated it has become
- 2025 Real Property Protest period – 265 protests filed; 241 – residential; 24 – vacant land; 110 adjusted; 155 denied
- No personal property protests
- One CBOE protest (residential) that will come before the Board of Equalization

There was also discussion about the state level Senior Property Tax Exemption program. McPherson said it was highly likely that the state would be doing away with that. The BCC asked if it would be possible for the County to implement a county level Senior Property Tax Exemption program? McPherson said she would look into it.

Meeting adjourned at 9:04 am

This Intergovernmental Agreement, is made between the Board of County Commissioners of Moffat County, Colorado, (hereinafter "County") and the City of Craig, Colorado (hereinafter "City").

Recitals and Definitions:

- A. The Airport is owned and operated by Moffat County with financial support from the City as appropriated by City Council on an annual basis.
- B. The parties are signatories to documents entitled "Operating Agreement and Authority for the Craig-Moffat Airport" executed by City on March 30, 1983 and executed by the County on March 29, 1983; and "Agreement and Lease" executed by the City January 3, 1984 and by the County on January 10, 1984. By execution of this Intergovernmental Agreement, the above-mentioned agreements are considered null and void.
- C. The operation and control of the Airport includes the possibility of negotiating leases, licenses, concessions, or other business relationships and agreements with third parties (hereinafter collectively called "Leases") whose operative terms will or may extend beyond the operative terms of this agreement (or any extension hereof).
- D. The County has been operating the Airport since at least January 1, 1984, and has been primarily responsible for expenses related to the operation, maintenance and improvements of the Airport since 1996.

NOW THEREFORE, for and in consideration of the above Recitals and the mutual promises, covenants and agreement of the parties, AGREE:

- 1. The County, through the Board of County Commissioners, shall continue to operate, maintain and control all aspects of operations, maintenance and improvements of the Airport, and in doing so; the County must be able to negotiate Leases, and those who deal with the County must be assured that such leases will be honored. The County will manage the Airport in such a manner as to maximize potential revenues as much as is reasonably possible.

and as agreed to by the City. The City and the County shall agree in writing, and on an annual basis (by November 1st of every year), regarding the specific expenses the City will contribute to for purposes of supporting the airport. The parties agree the financial contribution of the City is contingent on annual budget approval by City Council for expenses associated with the airport and the City's ability to appropriate necessary funds to support a shared cost of the Airport. The County will submit expense and revenue reports to the City on a monthly basis. The County will invoice the City quarterly for its share of the agreed upon airport operating and personnel expenses. The City will pay the invoices within thirty (30) days of receipt. Community Funding Partnership Grant Program
Colorado River District
201 Centennial St., Suite 200
Glenwood Springs, CO 81601

RE: Letter of Support – IN-RICHES Proposal for Colorado Water Plan Grant Match Funding

Dear Community Funding Partnership Grant Program Team,

On behalf of the **Moffat County Board of Commissioners**, we write this letter to support the proposal submitted by the **Integrated Rocky Mountain-region Innovation Center for Healthy Soils (IN-RICHES)** at Colorado State University, requesting **\$49,999 in cash match** from the Colorado River District's Community Funding Partnership to support activities under their **Colorado Water Plan Grant** application.

This project—part of the Colorado Open Soil Moisture Monitoring Network—will bring **critical infrastructure and engagement efforts to Moffat County** and the broader Colorado River Basin. In particular, the initiative includes the **installation of five new weather stations with soil moisture sensors** across Moffat County agricultural and rangeland sites. These stations will provide real-time precipitation and soil moisture data at multiple depths, supporting producers, land managers, and water planners with vital information for drought preparedness and water use efficiency.

Additionally, the project strengthens regional participation in Community Collaborative Rain, Hail, and Snow Network, a citizen science platform that empowers residents to report precipitation and drought impacts directly. Educational listening sessions and training events will be hosted locally to expand engagement and ensure Western Slope data is more accurately reflected in the U.S. **Drought Monitor**, a key tool used to trigger state and federal drought response.

We urge you to approve this request for matching funds, and we thank you for your support of drought adaptation efforts on Colorado's Western Slope.

LANDLORD'S ESTOPPEL CERTIFICATE

THIS LANDLORD'S ESTOPPEL CERTIFICATE dated July 15, 2025, is made and executed among Mountain Air Spray Co., whose address is PO Box 668, Craig, CO 81626 ("Grantor"); Bank of Colorado, Craig Branch, 250 West Victory Way, Craig, CO 81625 ("Lender"); and Moffat County, a Body Politic; 221 West Victory Way; Craig, CO 81625 ("Landlord").

Grantor and Lender have entered into, or are about to enter into, a financial transaction whereby Lender has acquired or will acquire a security interest or other lien on Grantor's leasehold interest in the Property described below.

To induce Lender to extend one or more loans or other financial accommodations to Grantor against such security interest in the Property and for other valuable consideration, with knowledge that Lender is relying thereon, Landlord and Grantor hereby agree with Lender as follows:

THE LEASE. Landlord has leased the Property to Grantor pursuant to a lease (the "Lease") dated May 1, 2009. The following information is a summary of the basic terms and conditions of the Lease: Craig-Moffat County Airport Ground Lease for Fixed Base Operator.

REAL PROPERTY DESCRIPTION. The Lease covers the following described real property, together with all improvements thereon (the "Real Property") located in Moffat County, State of Colorado:

See Exhibit "A", which is attached to this Certificate and made a part of this Certificate as if fully set forth herein.

The Real Property or its address is commonly known as Highway 394, Craig, CO 81625.

ESTOPPEL. Landlord and Grantor hereby jointly and severally represent and warrant to Lender that:

Lease in Effect. The Lease (i) has been duly executed and accepted by Landlord and Grantor, (ii) is in full force and effect, and (iii) has not been modified or changed, either in writing or orally, except as reflected in the copy of the Lease provided to Lender.

No Default. As of the date of this Certificate, (i) all conditions and obligations to be performed by either Landlord or Grantor under the Lease, to the date hereof, have been satisfied; (ii) there exists no breach, default, or event or condition which, the giving of notice or the passage of time, or both, would constitute such a breach or default under the Lease; and (iii) there are no existing claims, defenses or offsets against obligations of either Landlord or Grantor under the Lease, including any against rents due or to become due under the terms of the Lease.

Entire Agreement. The Lease constitutes the entire agreement between Landlord and Grantor with respect to the Lease of the Property.

No Prepaid Rent. No deposits or prepayments of rent have been made in connection with the Lease, except as may be described above in the summary description of the Lease.

AGREEMENTS. Landlord and Grantor hereby jointly and severally agree with Lender that, during all such times as Lender is the beneficiary of the security interest in the Property described above:

Modification, Termination and Cancellation. Landlord and Grantor will not consent to any modification, termination or cancellation of the Lease unless Lender first consents thereto in writing.

Notice of Default. Landlord will notify Lender in writing concurrently with any notice given to Grantor of any breach or default on the part of Grantor under the Lease, and Landlord agrees that Lender shall have the right (but not the obligation) to cure any breach or default specified in such notice within the time periods set forth below and Landlord will not declare a default of the Lease, if Lender cures such default within thirty (30) days from and after expiration of the time period provided in the Lease for the cure thereof by Grantor; provided, however, that if such default cannot with diligence be cured by Lender within such thirty (30) day period, the commencement of action by Lender within such thirty (30) day period to remedy the same shall be deemed sufficient so long as Lender pursues such cure with diligence.

MISCELLANEOUS PROVISIONS. This Certificate shall extend to and bind the respective heirs, personal representatives, successors and assigns of the parties to this Certificate. This Certificate shall be governed by and construed in accordance with the laws of the State of Colorado. If Landlord is other than an individual, any agent or other person executing this Certificate on behalf of Landlord represents and warrants to Lender that he or she has full power and authority to execute this Certificate on Landlord's behalf. Lender shall not be deemed to have waived any rights under this Certificate unless such waiver is in writing and signed by Lender. No delay or omission on the part of Lender in exercising any right shall operate as a waiver of such right or any other right. A waiver by Lender of a provision of this Certificate shall not constitute a waiver of or prejudice Lender's right otherwise to demand strict compliance with that provision or any other provision.

GRANTOR AND LANDLORD EACH ACKNOWLEDGE HAVING READ ALL THE PROVISIONS OF THIS LANDLORD'S ESTOPPEL CERTIFICATE, AND EACH AGREES TO ITS TERMS. THIS CERTIFICATE IS DATED JULY 15, 2025.

With the high cost of new equipment, we have decided to start refurbishing equipment with certified rebuilds whenever possible. We have a 1989 D-6 Caterpillar dozer that was due for replacement this year. Rather than replacing it, we want to get it rebuilt.

A complete rebuild by Wagner Equipment in Hayden is estimated to cost \$207,514.26. The rebuild will come with a 5-year, 5,000-hour warranty. Enclosed is a list of components included on the rebuild.

For comparison, the last dozer we purchased was a slightly used D-7 in 2021 that cost us \$581,737.00. The last D-6 we purchased was a 2007, which cost us \$271,975.00. The 1989 that we want to rebuild was \$124,763.00. We have gotten 36 years of use out of this dozer and we think this will extend the life another 20 plus years.

I would like to ask the commissioners to waive the bid process for the rebuild of the 1989 D-6 dozer.

If we have enough savings in the capital budget this year, we would like to get the 2007 D-6 rebuilt as well.

Thank you,

Dan Miller, Director
